# Replacement cartridges

## Good for performance and conservation.

Our replacement cartridges keep plastic out of the waste stream. While they contain new and reprocessed components, all critical xerographic components are 100% new. Our cartridges feature Xerox specified and approved toner, as well as new photoreceptors, cleaning blades, certified developer roll sleeves and more.

## Triple tested for quality assurance.

To ensure your satisfaction, we constantly monitor manufacturing quality from three sources. First, we print test 100% of all cartridges before packaging. Second, we perform monthly life testing at the manufacturing site. And finally, we test samples from our warehouse inventory in our technical center.

## 100% risk-free guarantee.

Each replacement cartridge is backed by the Xerox 100% performance guarantee. If you're not satisfied, we're not satisfied. Experience real value that works for you.
