Read This First!

Carefully read and follow all safety instructions.

When installing and assembling your surround package, it is recommended that two or more people be involved.

Do not use the unit during an electrical storm.

Do not climb on top of the surround package. While the surround package is made out of high-quality material and is extremely durable, it is not meant to support weight. In addition, falling off of the surround package while climbing on it can result in serious injury or death.

Do not attempt any repair without consulting the manufacturer first. Unauthorized repairs will void the manufacturer’s warranty (within the first 90 days).

Assembly

Whether you assemble your surround package yourself or hire someone to do it, your new surround package needs to be assembled in a specific order. Our Cal Enclosures professionals have determined through their experience that this is the easiest way to assemble your surround package.

Tools and Materials

Utility knife
 100' extension cord
 1/8" pilot hole drill bit
 Sandpaper (various grades)
 Gray wash stain
 1/2" carbide drill bit (masonry bit)

25' tape measure
 Electric drill
 9/16" socket
 Redwood stain
 Rags

Cordless drill
 Phillips-head drill tips
 Slotted-head drill tips
 Wood putty
 1/2" ratchet and impact drill

Step Assembly

Two Tier, 30" Step

1. Stand the legs up at 30" apart. Place the upper step on top of the upper section of the step.
2. To attach the step, screw in 4 screws (2 at each rear corner): 1 into the step leg and 1 into the step itself.
3. Place the lower step on the lower section of the step.
4. To attach the step, screw in 4 screws (2 on each on the outside of the step). Use the toe-in method on both sides, as shown.

Package R Step Assembly

USE TOE IN METHOD AS SHOWN, ON BOTH SIDES.

DROP-IN PLANTER BOTTOM

Bar Stool Assembly

1. Attach the bar stool legs to support the brace using the provided 2 ½" screws. There will be a total of 12 screws.
2. Place the bar stool seat on a flat surface. (Make sure the finish side is on the ground.) Attach the leg assembly using four 2 ½" screws.

Package B and M

Package C, J, and N

SIDE VIEW OF SPA WITHOUT TOP RAIL

SIDE VIEW OF SPA WITH TOP RAIL

Package P and G

NOTE: The manufacturer recommends mounting corbels on the cabinet so that the bar top sits just under the spa lip.

1. Using 2 1/2" screws, mount the corbels directly to the cabinet wall. Make sure that the corbels are horizontally level with each other.
2. Mount the bar top to the corbels with the 2 1/2" screws. The screws must be mounted from the underside of the bar top. Make sure that the bar top rests just below the lip of the spa.

*ON CERTAIN SPA MODELS
BAR TOPS WILL BE IN TWO PIECES*

SHOWN AT BACK SIDE OF SPA

AFTER PLACING CORBALS ON TO SPA CABINET, START PLACING CAL SELECT TOP ON TOP OF LEGS AS SHOWN

NOTE
CORBALS SHOULD BE ATTACHED SUCH THAT THERE IS A SPACE OF 1-1/2" FROM THE SPA LIP TO THE TOP OF THE CORBAL

Package J

Maintenance

Your surround package was designed with low cleaning and maintenance in mind. We recommend that the surround package be cleaned at least twice a month (or more, if needed). When cleaning your surround package, do not use cleaning solvents -- using a sponge and water will be fine. For ground-in dirt and grime, refer to the following section.

Maintaining your surround package is an easy task. We recommend that every six months you inspect your surround package.

If your surround package is redwood, take note of any deformities in the wood (i.e. cracking, peeling, dirt, grime, etc.). Wipe the stained area clean and reapply until the sanded area matches the rest of the surround package.

If your surround package is Cal Select, wipe off any dirt or grime using a sponge and water. Condition the Cal Select with Cal Spas Vinyl Cleaner and Conditioner. Follow directions on label.

Warranty Information

See your Cal Enclosures surround package dealer for a copy of the applicable warranty, details and any questions you may have regarding the warranty coverage on your surround package.

Warranty Limitations

The Limited Warranty is void if the surround package has been subject to negligence, alteration, misuse, abuse, repairs by non-LMS authorized representatives, acts of God and any other cases beyond the control of LMS. Examples of common acts invalidating this warranty include but are not limited to:

- Use of the surround package in a non-residential application
- Scratches caused by normal use
- Damage caused by extreme weather conditions (heat, cold, etc.)
- Damage caused by dirt, sand, and/or water damage
- Damage caused by direct sunlight
- Damage caused as a result of failure to follow the assembly instructions as defined in this Owner's Manual

This Limited Warranty applies only to surround packages normally used for personal, family, or household purposes.

This Limited Warranty is obsolete 90 days after the original purchase date.

Warranty Exclusions

LMS warrants the surround package from defects in material and workmanship for a period of 90 days from the original date of purchase.

DON'T FORGET TO REGISTER YOUR NEW PRODUCT AT WWW.CALSPAS.COM.

Customer Service

For customer service, contact the authorized selling dealer immediately. If you need additional information and assistance, please contact the LMS Customer Relations Department at 1462 East Ninth Street, Pomona, CA 91766, or call 909-623-8781.
