System information

- Type Dynamic
- Acoustic system Open
- Magnet circuit Neodymium
- Voice coil CCAW
- Speaker size 15 mm
- Frequency range 8 – 26,000 Hz
- Impedance speaker element 16 Ohm
- Sensitivity 109 dB
- Maximum power input 50mW
- Jack 3.5 mm stereo
- Finishing of connector Gold-plated
- Length of cord 1.2 meter
- Type of cord OFC
- Cord connection Two-parallel, asymmetric
- Cabinet Material ABS

Packaging information

- Type Sealed blister
- Material PET
- Dimensions 248 x 138 x 56 mm
- 12NC 9082 100 00435
- EAN 87 10101 67351 6

Inner carton

- Quantity 6 pieces
- Dimensions 378 x 183 x 279 mm
- EAN 87 10101 99813 8

Outer carton

- Quantity 96 pieces
- Dimensions 777 x 757 x 588 mm
- Weight 20.2 kg
- EAN 87 10101 99814 5

- Country of origin China

The ideal-high quality headphone for music on the move

The SBC HE905 is perfect for enjoying music wherever you are. Ultra Clear speaker elements ensure crystal clear sound, and the in-cord volume control provides convenient sound level adjustment.

Ultra Clear speaker element for crystal clear sound

The ultra thin mylar diaphragm vibrates freely across the full frequency range to give crystal clear sound.

Ergo-design for best wearing comfort

Thanks to ongoing ergonomic research, the wearing comfort is further enhanced by optimizing the styling and using compact 15 mm Neodymium speaker elements.

In-cord volume control for personal adjustment

The in-cord volume control is conveniently placed and can be precisely adjusted for personal preference.

Asymmetric cabling system for wearing convenience

Chic cabling system for wearing convenience and comfort.

Innovative carrying case for easy storage

The innovative and exclusive carrying case protects the in-ear headphone and is ideal for storing it when not being used.

High quality finishing

The quality image of the product is enhanced by the high-quality Alexol finishing on both the in-earphone and carrying case.
