

LODMTN

The LODMTN is an easy-to-install motion activated light stick and emergency light in one. Light sensitive, the LODMTN also includes a charger base. When set in the auto position the light activates for 3 minutes when it senses motion – but only in the dark. Mount wherever you need light – in the garage, a closet, an attic or crawlspace, near stairways. Just charge the light stick and insert it into the mount for about 30 days of intermittent use. In the event of a prolonged power outage, the unit also uses 3 AAA Alkaline batteries for extended run time.

EASY TO INSTALL

- Mount where you want it
- No wiring, no electrician

EASY TO USE

- Place charged stick in mount
- Set switch to auto to activate

WEATHERPROOF

- Use in any location, indoors or outside

ENERGY EFFICIENT

- More than 5X the energy efficiency of an incandescent bulb
- External power supply is Energy Star® approved

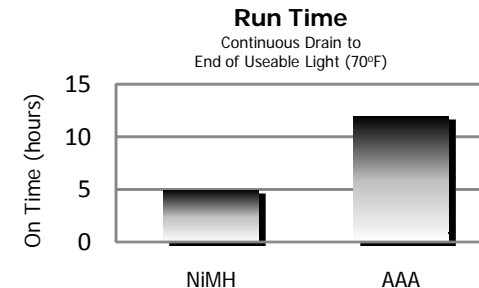

Before Using Your LODMTN:
Please read all instructions and cautionary markings on the package and light

Product Detail:

Designation:	Energizer® Light on Demand™ Motion Light
Model:	LODMTN
Color:	White
Power Source:	One NiMH 850mAh 3.6V Battery Pack or Three "AAA"
ANSI/NEDA:	24 Series ("AAA")
Lamp:	Four White LEDs
Lamp Life:	Lifetime
Ext. Power Supply:	700mA 6V, Energy Star Approved
Lamp Output:	28 Lumens
Typical Weight:	185.4 grams (6.54 oz.)
Dimensions (in):	10 x 1.75

Performance:
