## Troubleshooting

**If You Suspect Something Wrong**

Check and take steps as described below.

If the described suggestions do not solve the problem, it is recommended to take the unit to your nearest authorized Panasonic Service Centre. The product should be serviced only by qualified personnel.

Please refer the checking and the repair to the nearest Panasonic dealer. Panasonic shall not be liable for any accidents arising out of neglect of checking the unit or your own repair after your checking.

**⚠ Warning**

- Do not use the unit in an irregular condition, for example, without sound, or with smoke or a foul smell, which can cause ignition or electric shock. Immediately stop using the unit and consult your dealer.
- Never try to repair the unit by yourself because it is dangerous to do so.
