Features & Benefits

28 ppm print engine

- Powerful print engine provides faster output speed than comparably priced units

Interactive voice guidance system

- Step-by-step instruction for paper jam removal, programming the address book, setting operational procedures and much more

Fast first copy out and warm-up times

- 5.0 second first copy out time and 17 second warm-up time increases office efficiency

Card Copy mode

- Improve efficiency by copying both sides of an insurance card or drivers license through a simplified process

Finishing features

- Automatically sort, staple and stack documents for a clean professional finish

Single pass duplex scanner

- Scan and process two-sided documents in a single pass, reducing processing time and machine wear

Large paper capacity

- Easily handles up to 3,650 sheets, using three trays and a multi-purpose bypass

Intuitive panel

- Simple layout makes programming copy jobs, fax transmissions and scan destinations a snap

OfficeBridge Pro functionality

The OfficeBridge Pro digital connectivity solution affordably expands the capabilities of the MFX-2830 with the following:

- Network printing
- Desktop faxing
- Scan to e-mail
- Internet faxing
- Network scanning

OfficeBridge Pro also offers inbound fax routing, programming of autodialer numbers directly from the PC and other powerful features – all through an intuitive, browser-based interface.
