Product highlights

Easy grip
This non-slip grip makes connecting your components easy and ergonomically comfortable.

Plug and play
Plug and play offers easy installation of components without time-consuming installations.

Bare copper shielding
Bare copper shielding protects against signal loss.

High purity copper
This copper conductor provides high accuracy in signal transfer with minimal resistance.

Molded plug
Molded plugs ensure secure connections between components and offer extended durability.

Nickel-plated connectors
Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

Flexible PVC Jacket
Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief
Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.
