

WiCOS C

Conference Systems | WiCOS

Art.-No. 502061

General Description

The wireless WiCOS C chairman unit is an ideal choice for mobile conference systems where flexibility and reliability is a must. Its compact and elegant design harmoniously blends in with any conference room.

The high-performance battery pack offers an operating time of 20+ hours. WiCOS C offers all the features of the standard delegate unit along with a number of extra conference management functions. Permission to speak and request list control can be handled easily. The MIC key allows the chairman to speak at any time.

If required, the PRIORITY key mutes all other open microphones. Two further keys can be programmed with various additional management functions, for instance to control the audio level. The wireless signal transmission of WiCOS is completely encrypted to be safe from unauthorized listeners.

Technical Data

Frequency response	150.....15,000 Hz
Max. Mic. Sound pressure level (aktiv)	133 dB SPL
Headphone connector... 3,5 mm mono (> 32 Ω < 1 kΩ)	
Current consumption	max. 3 W
Operating time (Accupack).....	> 20 h (WiCOS BA)
Operating temperature	+5 °C ... +45 °C
Colour.....	RAL 9011
Dimensions	230 x 130 x 60 mm
Weight incl. Accu.....	approx. 830g

Features

- interference resistant transmission in the 2,4 and 5 GHz band
