JVC

A WORLDWIDE LEADER IN RECORDING MEDIA

JVC is one of the world's leading developers and manufacturers of sophisticated audio, video and related software products.

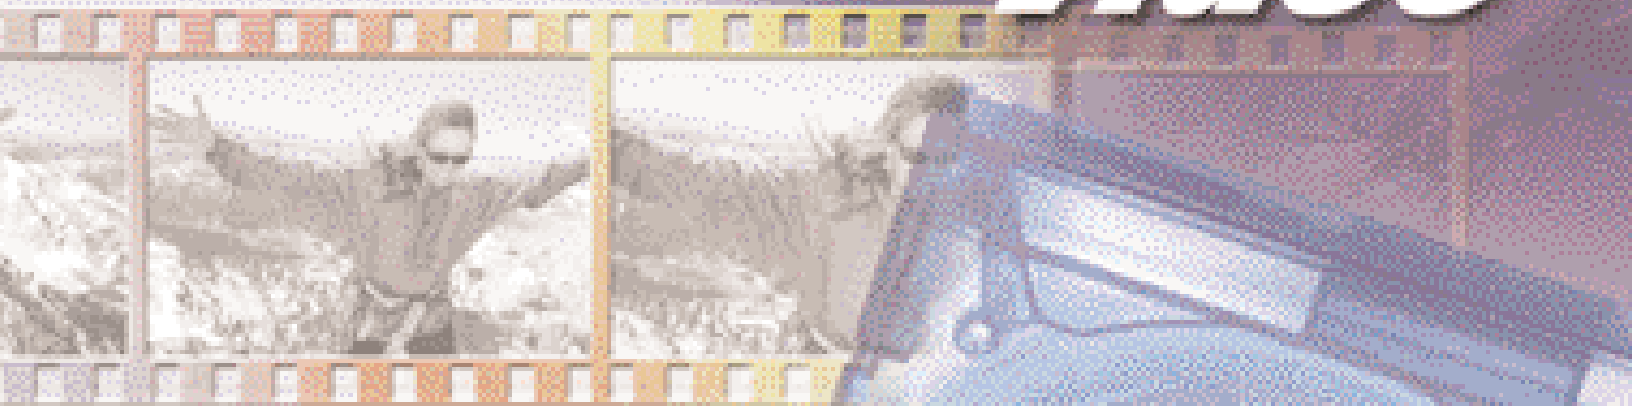

Building upon a wealth of technologies, exemplified by the JVC-developed VHS videocassette recorder, the company is moving decisively to offer appropriate solutions for the multimedia age.

To remain at the forefront of the audiovisual industry in the 21st century, JVC is focusing its resources to create the ultimate in appealing, cost-competitive products.

JVC markets products in the following categories: Digital Video Camcorders, VHS-C Camcorders, VHS VCR's, Super VHS VCR's, DVD Players, Color Televisions, Satellite Systems, Headphones and Accessories, Home Audio Components and Systems, Personal Audio Systems, Mobile Electronics, Blank Video Tape, Audio Tape, Mini Digital Tape, CDR's, DVD Format and Minidiscs.

JVC is currently creating new business opportunities by strengthening its lineup of high value-added products that incorporate digital technology.
