

TOSHIBA

Advantage Toshiba

- 36" FST Black® Picture Tube provides a vivid, high contrast picture
- 3-Line Digital Comb Filter with Vertical Contour Correction provides more accurate processing of RF and composite video signals for a sharper, cleaner picture
- MTS Stereo with dbx provides full broadcast stereo sound quality with access to bi-lingual or secondary audio signals
- Tri-Lingual OSD allows for easy operation for English, Spanish, and French speaking viewers
- Colorstream® Component Video Input provides the ultimate picture quality from interlaced component video signals
- Front Panel A/V Input for easy connection of video games or a camcorder
- Glow Universal Remote also controls most manufacturers' VCRs

Technology and Benefits

VIDEO

FST Black® Picture Tube

High contrast picture tube provides a bright, sharp viewing experience.

Black Level Expander

Improves contrast which results in a sharper, more 3-dimensional picture.

Color Temperature Control (Warm, Medium, Cool)

The viewer can easily adjust white balance to achieve the best picture possible regardless of room lighting.

AUDIO

Double Baffle Speaker System

Provides improved stereo sound reproduction without connecting additional speakers.

Surround Sound

Allows the viewer to enjoy an enhanced home theater experience without the connection of external speakers.

CONVENIENCE

Sleep Timer

Allows the viewer to set the television to automatically shut itself off after a preset amount of time.

Power Return

If the power to the TV is cut off while the set is on, the TV will automatically turn on once power is restored.

Closed Captioning on Mute

This feature automatically displays captioned information (if available) when the mute button is pressed.
