## INSTRUCTIONS FOR SETTING UP THE STAND

1. Set stand upright with longer tubes on the floor and memory lock facing you.
2. Open stand about 12".
3. Loosen knob on memory lock - turn counter-clockwise 5 complete turns.
4. Holding front plate in left hand and back plate in right hand, rotate plates in opposite directions and align hash-marks for desired height setting. There are 9 recommended height options.
5. Tighten knob clockwise.
6. Fully open stand. Stand will open to this height every time unless new height is set (repeat steps 1-5 to change height setting).
