

Slim 322

USB 2.0 & 330K Pixel Web Camera

As the popularity of USB2.0 has greatly increased, so has the demand for high streaming web cameras. Fulfilling this trend, Genius is pleased to introduce a new model, Slim 322, for the USB2.0 family.

The Slim 322 is designed with a clipping base for laptop or flat panel users. We developed this web cam with "**Rotative Clipping Technology**", which allows you to clip the Slim 322 on the sides of a laptop and adjust the angle as easy as 123.

The black and silver finish of Slim 322 gives your computer an elegant appearance. Ask your retailer for more information on this new slim web cam.

Technology Highlights

Rotative Clipping Technology

The outstanding "**Rotative Clipping Technology**" lets you position the Slim 322 in all kinds of places. You can clip it on the top or the sides of laptops. "Convenience", "User friendly" and "Creative" are what Slim 322 is meant to be.

Selling Points

Genius Application

Still Image Capture

Take pictures in different resolutions and send to your friends right away

Movie Clip Recording

Record your personal movie clip and share with your friends

Easy Surveillance Function

Saves files to the hard disk when it detects any movement and records anytime you want

Slim 322

USB 2.0 & 330K Pixel Web Camera

Headset included

The included headset provides you with the complete package for a video chat. You don't have to pay extra for a headphone or microphone. This is much more cost efficient and you still get the same quality.
