# Breville recommends safety first

We at Breville are very safety conscious. We design and manufacture consumer products with the safety of you, our valued customer, foremost in mind. In addition, we ask that you exercise a degree of care when using any electrical appliance and adhere to the following precautions:

## Important safeguards for your Breville BEF400 Avance Banquet Cookware

- Carefully read all instructions before operating and save for future reference.
- Do not place Avance Banquet Cookware near the edge of a bench or table during operation. Ensure the surface is level, clean and free of water.
- Remove any promotional stickers before using the Avance Banquet Cookware for the first time.
- Do not place the Avance Banquet Cookware on or near a hot gas or electric burner, or where it could touch a heated oven. Place frypan at least 20cm away from walls and curtains.
- Do not use on metal surfaces, for example, a sink drain board.
- Always insert Temperature Control Probe into probe socket before inserting power plug into power outlet and switching on appliance. Ensure the probe socket is completely dry before inserting the Temperature Control Probe.
- To protect against electric shock, do not immerse cord or Temperature Control Probe in water or any other liquid.
- Ensure the Temperature Control Probe has cooled before removing from the appliance.
- Always remove Temperature Control Probe before cleaning the appliance.
- If using plastic utensils, do not leave in frypan when hot.
- Never immerse cord and/or heat probe in water or any other liquid.
- Do not place hot glass lid under cold water.
- Extreme caution must be used when the appliance contains hot oil or other liquid. Do not move the appliance during cooking. Allow the frypan to cool before removing oil or other liquid.
- Place frypan at least 200mm away from walls and curtains.
- Do not touch hot surfaces.
- Do not leave the appliance unattended when in use.
- Always turn the Temperature Control Probe to 'MIN', then switch off at the power outlet and allow probe to cool, then remove probe and unplug, if appliance is to be left unattended, if not in use and before cleaning.
- Keep the appliance clean. Follow the cleaning instructions provided in this book.
- Always use the appliance on a dry, level surface.

## Important safeguards for all electrical appliances

- Unwind the cord before use.
- Do not let the cord hang over the edge of a table or counter, touch hot surfaces, or become knotted.
- This appliance is not intended for use by young children or infirm persons without supervision.
- Young children should be supervised to ensure that they do not play with the appliance.
- It is recommended to inspect the appliance regularly. Do not use the appliance if power supply cord, plug, probe or appliance becomes damaged in any way. Return the entire appliance to the nearest authorised Breville Service Centre for examination and/or repair.
- Any maintenance other than cleaning should be performed at an authorised Breville Service Centre.
- This appliance is for household use only. Do not use this appliance for other than its intended use. Do not use in moving vehicles or boats. Do not use outdoors.
- The installation of a residual current device (safety switch) is recommended to provide additional safety protection when using electrical appliances. It is advisable that a safety switch with a rated residual operating current not exceeding 30mA be installed in the electrical circuit supplying the appliance. See your electrician for professional advice.
- Do not place this appliance on or near a hot gas or electric burner, or where it could touch a heated oven.
- Always switch appliance off, then switch off at the power outlet, then unplug the appliance when not in use, before attempting to move appliance and before cleaning.

## Before first use

Remove any promotional materials and packaging materials before use. Wash your frypan and lid in hot soapy water. Rinse and dry thoroughly.

Do not immerse the cord, plug and/or Temperature Control Probe in water or any other liquid.

1. Insert the Temperature Control Probe into the probe socket on the appliance. Plug into a 230/240V power outlet and switch 'On'. Always insert the probe into the appliance first, then insert plug into power outlet.

**Before inserting the Temperature Control Probe into the probe socket, ensure the interior of the socket is completely dry. To do this, shake out excess water then wipe the interior of the socket with a dry cloth.**

Note

2. Turn the dial on the Temperature Control Probe anti-clockwise to the desired setting. The red heating light on the probe will illuminate.
3. The red heating light will remain illuminated until the frypan reaches the desired temperature. Once the temperature has been reached, the red light will cycle 'On' and 'Off' during cooking to maintain the desired temperature.
4. When cooking is completed, turn the dial clock-wise until it is aligned with the 'MIN'. Switch off at the power outlet and unplug.
5. Leave the Temperature Control Probe connected to the appliance until cool.

**This frypan must be used with the Temperature Control Probe provided. Do not use any other probe or connector.**

Note

# Care and cleaning

## Care

- Do not leave plastic cooking utensils in contact with the hot frypan surface while cooking.
- Do not use metal utensils on the non-stick coating of the frypan.
- Before cleaning, switch the frypan 'MIN' and unplug from the power outlet. Remove the Temperature Control Probe when cooled from the probe socket of the appliance.

## Cleaning

### Temperature Control Probe

- If cleaning is necessary, wipe the Temperature Control Probe over with a slightly damp cloth. Ensure it is completely dry before use.

**Never immerse the Temperature Control Probe, plug or cord in water or any other liquid.**

**Note**

### Non-stick cooking surface

Cooking on a non-stick surface minimises the need for oil as food does not stick and cleaning is easier.

Any discolouration that may occur on the non-stick surface may detract from the appearance of the frypan but will not affect the cooking performance.

Do not use metal (or other abrasive) scourers when cleaning the non-stick coating. Wash with hot soapy water. Remove stubborn spots with a soft plastic washing pad or nylon washing brush. Rinse and dry thoroughly.

### Removing discolouration of the non-stick surface

- Combine 2 tablespoons bicarbonate of soda, ¼ cup household bleach, 1 cup water.
- Pour into the frypan, place lid on with the vent closed, and simmer for 5-10 minutes.
- Clean in a well-ventilated area and avoid breathing in the vapours. Wash as directed before re-use. In some instances this may not remove all the staining.

### Removable frypan base

To remove the base for cleaning;

1. Turn the frypan upside down. Push down on the quick release knob and turn clockwise.
2. Lift the base from the frypan, lifting over the probe socket.

**The frypan base may be washed in hot soapy water. Dry thoroughly. The frypan base is dishwasher safe.**

**Note**

### Glass lid

Wash the lid in warm soapy water using a soft cloth or sponge, rinse and dry thoroughly.

### Dishwasher safe

Your frypan and lid are dishwasher safe for easy cleaning. The recessed heating element is completely sealed so it is safe to immerse in water. The removable frypan base is also dishwasher safe. Remove the probe and power cord before placing frypan into the dishwasher.

**The frypan should never be operated without the frypan and base fully assembled and locked into place.**

**Note**

**Before inserting the Temperature Control Probe into the probe socket, ensure the interior of the socket is fully dry. To do this, shake out excess water then wipe the interior of the socket with a dry cloth.**

**Note**

### Storage

Store the frypan upright with the lid in position. Store the Temperature Control Probe carefully. Take care not to knock or drop the probe as this can cause damage. If damage is suspected, return the Temperature Control Probe with the frypan to your nearest Breville Service Centre for inspection.

**For convenient storage of the Temperature Control Probe, line the frypan with 2 sheets of kitchen paper and place the probe on the kitchen paper. This will ensure the probe and plug do not scratch the non-stick surface.**

**That's the idea™**

**THE FRYPAN SHOULD NEVER BE OPERATED WITHOUT THE FRYPAN AND BASE FULLY ASSEMBLED AND LOCKED INTO PLACE.**

## Stir frying

Recommended Temperature Control Probe setting 'High Sear'.

- An energy efficient and healthy way of cooking foods. The benefit of this method is its speed and flavour result. The cooking action for stir frying is a continual tossing motion to ensure the food is evenly exposed to the heat and cooks quickly and evenly in a couple of minutes.
- Stir frying should be carried out using a 'High Sear' setting.
- Preheat your frypan before adding any ingredients, allowing the heating light to cycle 'On' and 'Off' several times. This will allow the frypan to reach and maintain an even high temperature.
- Stir frying is a dry heat cooking method and is best suited to tender cuts of meat. Timing is a key factor as over cooking will give a tough, dry result. Cooking times will depend on the size and thickness of the meat, as the bigger the pieces, the more time needed.

### Recommended cuts

Beef	Lean beef strips prepared from rump, sirloin, rib eye, fillet.
Chicken	Lean chicken strips prepared from breast fillets, tenderloins, thigh fillets.
Lamb	Lean lamb strips prepared from fillet, lamb leg steaks, round or topside mini roasts, eye of loin.
Pork	Lean pork strips prepared from leg, butterfly or medallion steaks or fillet.
Veal	Eye of loin, fillet, round, rump or topside.

## Stir fry tips

- Prepare meat strips from recommended cuts as listed above by removing fat and slicing thinly across the grain (across direction of meat fibres). Slicing across the grain ensures tenderness. Cut into very thin strips, approximately 5-8cm in length. Partially freeze meat (approximately 30 minutes) to make slicing easier.
- Buy meat strips already prepared from your butcher or supermarket.
- Stir fry meat strips in small batches (approx 200-300g) to keep juice in meat and avoid 'stewing', resulting in tougher meat.
- Meat strips should sizzle when added to the frypan.
- Stir fry meat strips for 1-2 minutes. Longer cooking will toughen meat.
- Remove each batch when cooked and allow frypan to reheat before stir frying the next batch. By cooking in small batches the heat of the frypan remains constant, ensuring the meat doesn't stew and toughen.
- A small amount of oil can be mixed through the meat strips before adding to the frypan, along any other flavouring such as garlic, ginger and chilli. A little sesame oil can also add flavour. Mixing the oil with the meat in this way cuts down on the quantity used.
- Drain off thin marinades from meat strips before stir frying to prevent stewing and splatter.
- Stir fry vegetables in a little oil (or sprinkling of water) before meat is added for vivid colour and crispness.

Suggested times for stir-frying vegetables:

Cooking time	Ingredient
3 minutes	Onion, quartered, Broccoli, flowerets Carrots, sliced Soaked Chinese dried mushrooms
2 minutes	Snow peas Capsicum, sliced Zucchini, sliced Water chestnuts Bamboo shoots
1 minute	Garlic, minced Chilli, minced Ginger, minced Shallots, chopped Bean sprouts

These brief cooking times will keep vegetables crisp.

- Peanut oil is traditionally used for stir fry Asian style dishes. However other oils such as vegetable, canola and light olive may be used.
- Do not over fill the frypan. If necessary, cook in batches and reheat at the end of stir frying. If using this method remember to under cook slightly so reheating will not spoil the finished dish.
- Serve stir fried foods immediately to retain their crisp texture.

## Sautéing

Recommended Temperature Control Probe setting 12-14. Use for sautéing onions, garlic, spices, pastes, herbs, vegetables, meat and seafood.

If using oil to sauté, use setting 14. If using butter, use setting 12.

That's the idea™

## Shallow frying

Recommended Temperature Control Probe setting 10-12.

Use to crispen and cook foods in a small amount of oil. The foods may have already been cooked.

- Use approximately 2-4 cups oil, or sufficient oil so that half the food is immersed.
- Preheat the oil before adding food.
- Never cover the frypan with the lid during heating or cooking with oil as this can cause overheating. It may also result in condensation dripping into the oil causing bubbling and splattering.
- Do not move the frypan during heating or cooking.
- Wipe moisture from foods to avoid splattering.
- Cook a few pieces at a time to ensure crispness.
- Drain cooked foods on kitchen paper to absorb excess oil.
- Never leave your frypan unattended or unsupervised while shallow frying.
- Allow oil to cool before removing from frypan.
- Vegetable or canola oil is recommended for frying.

## Pan frying

Recommended Temperature Control Probe setting Searing meat - 'High Sear' Medium heat - 10-12.

Use for cooking meats, fish, seafood, eggs, chicken or sausages.

- Preheat frypan on 'High Sear' setting. A small amount of oil can be added to the heated frypan if desired.
- Brushing whole meat cuts, for example, steak, chicken breast, fish fillets, with a small amount of oil before pan frying will give a more even result and reduces amount of oil required.
- Allow time for meat to sear on both sides. Then reduce to setting 10-12.
- Delicate foods such as fish and eggs should be pan-fried on Medium Heat Setting 10-12. Allow time for fish to be cooked on both sides and eggs to set.

## Roasting

Recommended Temperature Control Probe setting Searing Roast - 'High Sear' Cooking Roast - 8-10.

### Roasting meat and poultry

The frypan is ideal for roasting meat and poultry, as the meat retains the flavour and juices.

The frypan's lid provides ample room for larger joints of meat and poultry up to 1.5kg.

- Preheat the Frypan on setting 'High Sear'. Fattier joints of meat such as lamb require no oil. Use only a small amount of oil for leaner roasts.
- Brown and seal the meat on all sides. Position the lid.
- After browning, turn the dial to setting 8-10, to cook meat to desired doneness.
- Turn the meat over during cooking.
- Once the meat is cooked, remove from frypan, set aside and cover with foil. This allows the juices in the meat to settle before carving.
- To make gravy: Drain excess oil from pan, stir 1-2 tablespoons plain flour into pan residue, cook for

1-2 minutes, reduce heat, gradually add 1-2 cups stock. Increase heat and stir gravy continuously until it comes to the boil, reduce heat and simmer 3-4 minutes until gravy thickens. Serve immediately with sliced roast meat.

### Roasting vegetables

- Vegetables such as potatoes, pumpkin, sweet potato, parsnips, etc. can be added to the frypan with the meat during cooking.
- Cut vegetables into even sized pieces and lightly brush with oil.
- Add to the frypan 40-65 minutes before serving.
- For crisper vegetables, remove the meat, drain juices and add vegetables. Increase the heat for the last few minutes of cooking.

### Roasting times

The following times will cook the meats to 'Well Done'. These times can be reduced for meats to be cooked to personal preference.

Suggested times for meat 'Well Done':

Ingredient	Roasting time
Pork	30-40 minutes/500g after browning
Veal	30-40 minutes/500g after browning
Lamb/Beef	25-30 minutes/500g after browning
Chicken	30-35 minutes/500g after browning

## Basting

Recommended Temperature Control Probe setting 2.

- The Pan Tilt Lever makes basting or removing juices easy by allowing the juices to drain to one side of the pan.
- Position the Pan Tilt Lever to the upright position and allow the juices to drain to the lower end of the frypan.
- Spoon the juices over the food, or remove from the frypan, as desired.

## Boiling

Recommended Temperature Control Probe setting 'High Sear'.

Use for cooking rice and pasta.

- 1 cup to 6 cups water = 1 quantity
- Cooking time approximately 8-12 minutes
- Cooking times will vary for different types of pasta and rice.
- Always bring water to the boil with the lid in position. Remove lid and add  $\frac{1}{2}$  teaspoon salt and 1 tablespoon of oil to water to assist with cooking and to prevent pasta and rice grains from sticking together.
- Cook rice or pasta uncovered, stirring occasionally to prevent sticking.
- Reduce to a lower heat setting if water boils too quickly.

## Chicken and sweet corn soup

**MAKES**  
4-6 SERVES

1 tablespoon peanut oil  
 1 clove garlic, crushed  
 500g creamed corn  
 150g cooked and shredded chicken meat  
 4 cups chicken stock  
 4 egg whites  
 1 teaspoon ground black pepper  
 1 tablespoon finely chopped parsley  
 4 green shallots, sliced diagonally

1. Heat the oil in the frypan on 'High Sear' setting.
  2. Add garlic, corn, and chicken meat and stir fry for 1 minute.
  3. Add chicken stock and bring to the boil. Reduce heat setting to 6-8.
  4. Slowly add the egg whites to the hot mixture, stirring continuously to create fine shreds. Cook for 2 minutes.
- Serve hot, sprinkled with pepper, parsley and green shallots.

## Baba Ghannoush

**MAKES**  
6 SERVES

2 tablespoons olive oil  
 2 medium eggplants, peeled and chopped into 1cm pieces  
 2 cloves garlic, crushed  
 1½ tablespoons lemon juice  
 ½ teaspoon sweet paprika  
 ½ cup chicken stock  
 200g cream cheese, softened

1. Heat the oil in frypan on setting 14. Add eggplants, garlic and paprika and sauté for two minutes.
2. Add lemon juice and chicken stock, bring to the boil, reduce to heat setting 4-6. Cover with lid and simmer for 10 minutes or until eggplant has softened.
3. Cool mixture, then blend or process with cream cheese until smooth.
4. Refrigerate in an airtight container until required. Serve with toasted Turkish bread.

## Creamy mushroom paté

**MAKES**  
**4** SERVES

75g butter  
125g bacon rashers, rind removed and thinly sliced  
300g mushrooms, thinly sliced  
1 Spanish onion, finely sliced  
100g cream cheese, softened and roughly chopped  
Few drops of Tabasco sauce  
Pepper and salt, if desired

1. Preheat frypan on 'High Sear' setting. Add butter to melt, then sauté bacon, mushrooms and onion for 5 minutes.
2. Cool mixture, then blend or process until smooth. Add cream cheese and Tabasco sauce, season with pepper and salt to taste, blend or process until smooth.
3. Spoon mixture into serving dish and chill before serving.

## French onion soup

**MAKES**  
**4-6** SERVES

1 tablespoon butter  
1 tablespoon oil  
6 medium brown onions, finely sliced  
1 clove garlic, crushed  
2 tablespoons plain flour  
1 cup red wine  
1 teaspoon chopped fresh thyme  
6 cups beef stock  
Salt and pepper, optional

1. Heat the frypan on 'High Sear' setting, add butter and oil, then onions and garlic. Stir fry until onions are golden.
2. Reduce to heat setting 10-12, stir in flour and cook for 1 minute.
3. Gradually stir in wine and thyme and cook until liquid is reduced by half.
4. Stir in beef stock, increase to 'High Sear' setting and bring to the boil. Reduce to heat setting 4-6, and simmer for 15-20 minutes.
5. Add salt and pepper to taste before serving.

## Curried pumpkin soup

**MAKES**  
**4** SERVES

40g butter  
1 large leek, thinly sliced  
2 cloves garlic, freshly crushed  
1 tablespoon curry powder  
2 teaspoons ground cumin  
1kg butternut pumpkin, peeled and chopped  
6 cups chicken stock  
Freshly ground black pepper  
120ml sour cream  
1/2 bunch finely chopped chives

1. Preheat frypan on setting 14. Add butter to melt, then sauté leek, garlic and spices until soft.
2. Add the pumpkin, stock and pepper. Increase to 'High Sear' setting, cover with lid and bring to the boil. Reduce to setting 2-4 and simmer for 30 minutes or until pumpkin softens.
3. Cool slightly and blend or process cooked mixture until smooth.

Serve hot topped with a swirl of sour cream and sprinkled with chives.

## Thai fish cakes

**MAKES**  
**4** SERVES

400g boneless white fish fillets, diced (cod or jewfish is preferable)  
1/2 bunch coriander, leaves and roots, finely chopped  
1 x 60g egg  
1/4 cup well cooked rice  
1 teaspoon red curry paste  
1 teaspoon fish sauce  
1 tablespoon sweet chilli sauce  
4 cups vegetable oil, for frying

1. Place fish, coriander, egg, rice, curry paste and sauces into a food processor. Process the ingredients using the pulse button, until the mixture is smooth.
  2. Shape the fish cakes by placing a little oil onto the palms of your hands. Mould the fish cakes into a flat round shape 3-4cm wide and place onto a greased tray. Cover and refrigerate for 20 minutes.
  3. Preheat oil in the frypan on setting 8-10 for 10 minutes.
  4. Place 6-8 fishcakes into the hot oil and shallow fry until golden, remove and drain on paper towel. Repeat with the remaining fish cakes.
- Serve hot with sweet chilli sauce and lime wedges.

## Mussels in tomato and garlic sauce

**MAKES**  
4-6 **SERVES**

2 tablespoons olive oil  
2 Spanish onions, finely diced  
3 cloves garlic  
1 cup white wine  
600ml prepared tomato pasta sauce  
1 kg fresh mussels, bearded and scrubbed  
1/4 cup basil leaves, shredded  
Freshly ground black pepper

1. Preheat frypan on 'High Sear' setting. Add the oil, onions and garlic and stir fry until the onion is soft.
  2. Add the wine and cook until liquid is reduced by half.
  3. Stir in the tomato sauce, cover with the lid and bring the mixture to the boil.
  4. Add the mussels, then reduce to heat setting 10, replace the lid and cook until the mussels have opened.
  5. Remove any mussels that have not opened. Stir in the basil and sprinkle with pepper.
- Serve with crusty bread.

## Ham and herbed cheese omelette

**MAKES**  
4 **SERVES**

4 x 60g eggs, separated  
2 tablespoons milk  
1 teaspoon mild English mustard  
1/4 teaspoon salt  
2 tablespoons butter  
120g sliced ham, thinly sliced into strips  
2 tablespoons finely snipped chives  
1 tablespoon chopped parsley  
1 medium tomato, chopped  
1/2 cup grated tasty cheese

1. Combine egg yolks, milk, mustard and salt in small bowl.
2. Beat egg whites in a separate bowl until soft peaks form. Fold egg whites through egg yolk mixture.
3. Heat in frypan on setting 12. Add butter to melt, add ham, chives, parsley and tomato, sauté for 2 minutes. Remove and set aside.
4. Reduce heat to setting 4-6. Pour egg mixture evenly into frypan. Cover and cook until top of omelette puffs and base is cooked and golden.
5. Sprinkle ham filling over half the omelette. Fold remaining omelette half over filling. Remove from frypan.
6. Cut into four slices and serve sprinkled with grated cheese.

## Spicy pikelets

**MAKES**  
12 **SERVES**

1 cup plain flour  
2 teaspoons baking powder  
1/4 tablespoon brown sugar  
1 teaspoon ground ginger  
1/4 teaspoon cinnamon  
1/4 teaspoon mixed spices  
2 x 60g eggs, lightly beaten  
1 tablespoon honey  
1 cup milk  
2 tablespoons butter, melted  
2 tablespoons butter, extra, for greasing

1. Preheat frypan on heat setting 10-12.
  2. Sift dry ingredients into a small mixing bowl. Add eggs and beat using a mixer on a medium speed. Gradually add remaining ingredients and mix until smooth.
  3. Allow mixture to stand for 5 minutes.
  4. Add butter to grease frypan. Drop 6 level tablespoons of mixture about 4cm apart into hot greased frypan. Cook until bubbles appear on top of pikelets. Turn and cook until golden. Remove pikelets from pan. Repeat with remaining mixture.
- Serve warm with jam and whipped cream.

## Crepes

**MAKES**  
10 **SERVES**

1 1/2 cups plain flour  
Pinch of salt  
3 x 60g eggs, lightly beaten  
1 1/4 cups milk  
1 teaspoon vanilla essence  
2 tablespoons butter, melted  
1 tablespoon butter, extra, for greasing

1. Preheat frypan on heat setting 10-12.
  2. Sift flour and salt into small bowl. Combine eggs, milk, vanilla and butter. Slowly add to dry ingredients and beat mixture until smooth.
  3. Add butter to lightly grease frypan. Pour sufficient batter into frypan to make a fine even crepe. Turn crepe over and cook until golden. Remove crepe and repeat with remaining mixture. Cook quickly as overcooking will toughen crepes.
- Serve sprinkled with lemon juice and icing sugar.

## Pancakes

**MAKES**  
**8** SERVES

- 1 cup plain flour**
- Pinch of salt**
- 1 x 60g egg**
- 1/4 cups milk**
- 2 tablespoons butter, melted**
- 2 tablespoons butter, extra, for greasing**

1. Preheat frypan on heat setting 10-12.
2. Combine flour, salt, egg, milk and butter in small mixing bowl. Beat until smooth.
3. Allow mixture to stand for 5 minutes.
4. Add butter to lightly grease frypan. Pour a small quantity of batter into frypan. Cook until bubbles form on top of the pancake. Carefully turn the pancake over and cook until golden brown. Remove pancake from pan and repeat with remaining mixture.

Serve with fruit and ice cream. Also ideal for savoury dishes.

## Shepherds pie

**MAKES**  
**4** SERVES

- 1 kg lean cooked roast lamb**
- 30g butter**
- 2 medium onions, thinly sliced**
- 1/4 cup plain flour**
- 1 teaspoon Dijon mustard**
- 2 cups chicken stock**
- 1/4 cup freshly chopped parsley**
- 1/4 cup freshly chopped mint**
- 1/4 teaspoon ground black pepper**
- 2 tablespoons Worcestershire sauce**

### POTATO TOPPING INGREDIENTS

- 4 large potatoes, peeled and chopped**
- 1/3 cup sour cream**
- 40g butter**
- 2 tablespoons freshly grated parmesan cheese**
- Salt and pepper, to taste**

1. Trim meat and cut into small cubes or mince in food processor. Set aside.
2. Preheat frypan on heat setting 14. Add butter to melt. Add onions and sauté until golden.
3. Add flour and mustard. Cook for 3 minutes, stirring constantly. Reduce to heat setting 2-4.
4. Gradually add stock, stirring until smooth. Increase to 'High Sear' setting. Bring mixture to the boil, then reduce to heat setting 4-6 and simmer for 5 minutes.
5. Add prepared meat, herbs and Worcestershire sauce to the mixture and stir thoroughly.
6. Transfer lamb mixture to a lightly greased, 8 cup ovenproof dish. Keep warm.

### POTATO TOPPING

1. Place potatoes and sufficient water to cover in frypan. Cover with lid and bring to the boil. Cook for 20 minutes or until soft. Drain well.
2. Mash cooked potatoes with remaining ingredients. Whip potatoes until smooth and creamy.
3. Spread whipped potatoes over prepared lamb mixture.
4. Place into a preheated oven 220°C for 20 minutes, or under a preheated grill, until potato topping is golden and lightly crisped.

## Lamb and bean nachos with salsa

**MAKES**  
**4** SERVES

1 tablespoon oil  
500g lamb mince  
30g packet taco seasoning mix  
425g can kidney beans, drained  
1/2 cup beef stock  
2 tablespoons tomato paste  
240g pkt plain corn chips, toasted  
150g grated tasty cheese  
250g avocado, mashed  
3/4 cup sour cream  
1 quantity prepared salsa

### SALSA INGREDIENTS

4 large roma tomatoes, chopped  
1 small spanish onion, finely diced  
1 tablespoon extra virgin olive oil  
1 tablespoon freshly squeezed lime juice  
1 tablespoon sweet Thai chilli sauce  
1 tablespoon finely chopped coriander leaves

1. Heat oil in frypan on 'High Sear' setting. Add mince, cook until brown, stirring constantly to avoid meat lumping.
2. Add seasoning mix, beans, stock and tomato paste. Cover with lid and bring to the boil, reduce to heat setting 4-6.
3. Simmer uncovered for 10 minutes or until lamb mixture thickens, stirring occasionally.

4. Spread corn chips onto an oven proof dish. Top with lamb mixture, sprinkle with cheese and bake in a moderately hot oven 220°C, or under a preheated grill, or until heated through and cheese melts.
5. Serve topped with avocado, sour cream and prepared salsa.

### SALSA

Combine salsa ingredients and mix well.

## Lamb and peanut stir-fry

**MAKES**  
**4** SERVES

2 tablespoons peanut oil  
500g lamb strips  
2 red capsicum, trimmed, seeded and sliced  
150g snow peas, trimmed  
500g English spinach  
2 tablespoons Teriyaki sauce  
1/4 cup oyster sauce  
3 cloves garlic, crushed  
1 teaspoon freshly grated ginger  
2 red chillies, crushed  
1 tablespoon brown sugar  
2 teaspoons cornflour  
1 tablespoon water  
250g unsalted peanuts  
2 tablespoons shredded basil leaves

1. Heat oil in frypan on 'High Sear' setting. Stir-fry lamb strips in two batches for 1-2 minutes. Remove each batch when cooked and allow pan to reheat before stir-frying the next. Remove lamb and set aside.
2. Stir fry capsicum and snow peas, until tender.
3. Return lamb to frypan. Add spinach, sauces, garlic, ginger and chillies.
4. Combine brown sugar, cornflour and water. Stir through lamb mixture. Reduce to heat setting 4-6 and simmer to thicken the sauce.
5. Fold in the nuts and basil leaves just before serving.

Serve with rice.

## Roast lamb with garlic and rosemary

**MAKES**  
4-6 **SERVES**

1.5 kg leg of lamb  
3 cloves garlic, peeled  
1 tablespoon rosemary sprigs  
1 tablespoon light olive oil  
Freshly ground pepper

1. Trim excess fat from lamb. Cut garlic into thin slivers. Use a small, sharp knife to cut small slits into the lamb and insert garlic and rosemary sprigs into slits.
2. Brush lamb with oil and season with pepper.
3. Preheat frypan on 'High Sear' setting. Add lamb and sear on all sides.
4. Reduce to heat setting 8-10. Cover and cook for a further 1 hour and 30 minutes until lamb is cooked to desired doneness. Turn lamb during cooking and baste occasionally.
5. Remove lamb and cover with foil. Allow lamb to stand for 15 minutes prior to carving.
6. Slice lamb and serve with roast vegetables and gravy sauce (refer Roasting Meats and Vegetables on Page 13).

## Herb crusted lamb

**MAKES**  
4-6 **SERVES**

2 racks of lamb (6 cutlets each)  
1 cup fresh breadcrumbs  
1/2 cup dried breadcrumbs  
1 tablespoon freshly chopped parsley  
1 tablespoon freshly chopped mint  
1 tablespoon finely chopped basil  
2 x 60g eggs, lightly beaten  
2 cloves garlic  
1 tablespoon lemon juice  
2 tablespoons olive oil

1. Trim excess fat from lamb. Combine breadcrumbs with herbs, eggs, garlic, lemon juice. Mix well.
2. Press combined mixture firmly over meat. Cover tops of cutlet bones with foil to prevent over-browning.
3. Heat oil in frypan on heat setting 14.
4. Place lamb racks, crust side down into frypan, cook for 10 minutes. Carefully turn racks over, reduce the setting to 6-8 and cover with lid. Cook for approximately 30 minutes or until lamb is cooked to desired doneness.
5. Remove lamb racks from pan, cover with foil and allow to stand for 10 minutes before carving.

## Beef burgers

**MAKES**  
6 **SERVES**

500g lean beef mince  
1 onion, finely diced  
1 X 60g egg, lightly beaten  
1/2 cup fresh breadcrumbs  
1 tablespoon Worcestershire sauce  
2 tablespoons tomato sauce  
1 teaspoon dried mixed herbs  
Freshly ground black pepper  
1/4 cup fruit chutney  
2 tablespoons oil  
6 rashers bacon, trimmed  
6 slices canned pineapple, drained  
6 hamburger rolls, for serving

1. Combine beef, onion, egg, breadcrumbs, sauces, herbs, pepper and chutney. Wet palms of hands and shape into 6 even-sized patties, refrigerate until required.
2. Heat oil in frypan on heat setting 14.
3. Cook patties on each side until meat is cooked through. Remove and drain on paper towel.
4. Add bacon and pineapple to the frypan and cook until crisp and golden.
5. Place beef patties onto rolls and top with bacon and pineapple.

Serve with barbeque or tomato sauce and a selection of garden greens.

Beef Patties are best made ahead of time and chilled for several hours.

That's the idea™

## Beef and peppercorn casserole
