Beyond Pixie Hollow

When Queen Clarion asked Tinker Bell to create the Scepter for the Autumn Revelry, she became Pixie Hollow’s happiest fairy. But when the Scepter broke and its Moonstone lost, Tink became Pixie Hollow’s saddest. Worst of all, the accident may have cost Tinker Bell her best friend Terence.

But if she can find the Moonstone, repair the Scepter, and save the Autumn Revelry, she can also reclaim Terence’s friendship.

It’s a lot of adventure for one bright little fairy, but finding the Lost Treasure is only the beginning of *your* adventures in Pixie Hollow.

In Fairy Mode, you can explore Pixie Hollow as you help your friends prepare for the Autumn Revelry. Create and customize up to five of your own fairies – be a tinker fairy, water fairy, animal fairy, garden fairy or light fairy. Go on quests, play mini games, earn ingredients, unlock furniture and outfits and interact with your favorite fairy friends in Pixie Hollow.

Famous Fairies

Tinker Bell – Tinker Fairy

Feisty, rebellious, impatient, impulsive, determined, and temperamental... yet still charming and lovable. Her talent for tinkering has earned her the coveted duty of creating a new fall scepter to hold a beautiful moonstone, the key to renewing the Pixie Dust tree.

Blaze – Firefly

This young firefly is mischievous, inventive, and enthusiastic. Though he is tiny, his bravery knows no bounds. Blaze buzzes around with puppy-like enthusiasm, always ready to help his friend Tink.

(Nintendo DS™)

Silvermist – Water Fairy

Her go-with-the-flow attitude can make her wishy-washy, and sometimes she takes things way too literally, but her heart is always in the right place. Whether she's placing delicate dewdrops on a spider web or training tadpoles to blow bubbles for the Autumn Revelry, Sil approaches everything with an offbeat, cheerful manner.

Rosetta – Garden Fairy

A southern Belle brimming with confidence, grace and charm. She wants every friend, flower, and fairy to look its best and will spend hours patiently primping a pumpkin until it's the perfect shade of orange or mixing up a brilliant blend of flower petals for fairy fireworks.

Iridessa – Light Fairy

One of the most talented light fairies, Iridessa is a detail-oriented perfectionist. She tries to see the bright side of things, but often sees disaster lurking and is certainly the first to worry about it. When she hangs firefly lanterns for a celebration, you can be sure that every lantern will be placed just right and every firefly properly lit.

Fawn – Animal Fairy

A pony-tailed tomboy full of mirth and mischief, the only thing Fawn loves more than playing with her fairy friends is playing with her animal friends. The more rough-and-tumble the game, the better.

Fairy Mary – Tinker Fairy

The no-nonsense head of the tinker fairies, Fairy Mary is big, bold, brash and bossy. She loves what she does and is proud of the place tinkers hold. She expects all tinker fairies to live by her motto: "Tinker fairies never fail."

Queen Clarion – Tinker Fairy

The monarch of Pixie Hollow, she is practically Mother Nature and is like a mother to all of the fairies. She is warm, approachable, kind and loving, but she can be serious and firm when she has to be. Her knowledge of fairy magic is so advanced that she can even travel as a stream of pure pixie dust.

Terence – Dust Keeper Fairy

Tink's best friend.

Clank – Tinker Fairy

Clank keeps his ears full of fluff because he's always banging things. As a result, he ends up shouting at everyone he meets.

Bobble – Tinker Fairy

Bobble sports a pair of really sharp dewdrop goggles that are perfect for fine tinker work. He and Clank are best pals

Vidia

Vidia is a fast flying fairy, maybe the fastest flyer of all. In her mind, she is certainly the fastest flyer of all, no question about it.

Fairy Mode

Visit Pixie Hollow and become one of its leading residents. With just a few **stylus** taps you can create your very own Pixie Hollow fairy and join all the other fairies as they prepare for the Autumn Revelry.

Fairy Creation

In addition to choosing your fairy's name and selecting her clothing, you will customize her appearance. Most importantly, you get to choose your fairy's talent.

Fairy Talents

Every fairy has a special talent. Not only that, but fairies of each talent have their own special clothing and accessories and homes and furnishings.

- **Tinker Fairies**, such as Tinker Bell, are good at making and fixing things. What things? Any things!
- **Water Fairies** are experts in all things liquid. They make raindrops dance and waterspouts sparkle.
- **Garden Fairies** like nothing more than tending flower beds, prompting the buds to bloom and the fruit to ripen.
- **Animal Fairies** enjoy a special connection to animals great and small, teaching them songs and leading the lost ones home.
- **Light Fairies** bring light to every occasion, as one might imagine, but such light! They capture autumn sunsets and cast rainbows across the sky.

Creating Outfits, Accessories and Furnishings

While in Tinker's Nook, find the Tailor Fairy, who can turn your collected items into new outfits for your fairy to wear! Talk to her to see what types of clothing she can create, and then collect the necessary materials by flying throughout Pixie Hollow. Once you have the right combination of materials to create a piece of clothing, return to the Tailor Fairy, and she will create a beautiful new piece of clothing for your fairy, like a new top or skirt.

The Furniture Fairy is also located in Tinker's Nook. She can turn your collected items into furniture that you can place in your home! Talk to her to see what type of furniture she has available, and then collect the necessary materials by flying throughout Pixie Hollow. Once you have the right combination of materials to create a piece of furniture, return to the Furniture Fairy, and she will craft you a comfortable piece of furniture like a new bed or table.

Preparing for Autumn

The Autumn Revelry is right around the corner and the fairies of Pixie Hollow have a lot of work to do. Good thing preparing for the Revelry is so much fun!

Disney Tinker Bell and the Lost Treasure Online Manual
(Nintendo DS™)

There is a Fairy for Every Activity

A lot goes into an Autumn Revelry and every fairy has a special task.

- **Tinker Fairies** construct the magnificent float that leads the parade.
- **Water Fairies** create a shimmering water curtain.
- **Garden Fairies** decorate the Revelry grounds with flowers.
- **Animal Fairies** provide the entertainment by leading the beasts, birds and bugs in song and dance.
- **Light Fairies** illuminate the grounds and thrill their fairy friends with a splendid new...illumination!

Favors

Many of the fairies you meet will ask for favors. Some favors involve finding things. Some are about trading things. Some are about delivering things.

To accept a favor, tap "Yes". Refer to your To Do List to help you remember them all.

Fun and Games

Here are a few of the Fairies' favorite pastimes. There are lots more to discover and try!

- **Light Up the Fireflies** - Light Fairies love to chase fireflies and light them up! Tap a firefly among the swarm with your **stylus** to set it aglow, but be careful. If you tap a shining firefly, you will extinguish its light.
- **Catch Water Drops** - Use your **stylus** to catch the water drops the Water Fairies toss. Try to fill up the flower in the lower left!
- **Plant the Flower Seeds** - Garden Fairy magic causes flower buds to open and bloom. Plant seeds by sliding them with the **stylus** into holes in the ground, but watch out for the Sprinting Thistles! They can knock the seeds away!
- **Paint the Butterflies** - Animal Fairies give critters their color, from the lady bug's spots to the lion's golden mane. Choose a color from the palette with your **stylus**, and then apply it correctly to the butterflies that need to be painted. Use the image on the Top Screen as a guide.
- **Make Acorn Teapots** - Tinker Fairies love to fiddle and fix. Watch for the icons on the top of the Touch Screen and tap or slide the **stylus** to put teapots together.
