

BATTLESHIP®

AGE 7+ / For 2 Players

Your Mission

Be the first to sink all five of your opponent's ships.

Equipment

2 Game Units • 10 Ships • Red and White Scoring Pegs

The First Time You Play

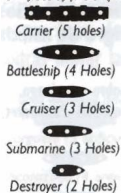

Remove the ships from the plastic runners. Discard the plastic waste.

Prepare for Battle

- Separate the game units by sliding them apart.
- Sit facing your opponent with your game units open. The lid of your game unit will form a barrier and hide your target grid from your opponent. Keep the lids open throughout the game.
- Each player takes a fleet of five ships.
- Secretly place your fleet on your ocean grid by pressing the ships into the raised holes. Ships can be placed vertically or horizontally but NOT diagonally (see Figure 1). Do not position a ship in such a way that any part of it is off the grid. Once the game has begun, you cannot move the position of a ship.

Your fleet of five ships:

- Each player takes half of the red pegs and half of the white pegs and places them in the storage areas on either side of the ocean grid (see Figure 2).

Gameplay

1. Decide who goes first. You and your opponent then alternate turns calling out one shot per turn to try and hit each other's ships. To call out a shot, pick a target hole on your target grid and announce its location by corresponding letter and number.
2. When you're fired upon, you must tell your opponent if the shot was a hit or a miss. If it's a hit, mark the hit ship on your ocean grid with a red peg.
3. The player firing the shot records it on his/her target grid. Use red pegs to record hits and white pegs to record misses.

Sinking a Ship

When all of a ship's holes have been filled with red pegs, it is sunk and must be removed from the ocean grid. Tell your opponent which ship was sunk.

Winning

The first player to sink his/her opponent's fleet of five ships wins the game!

Storage

Locate the five ships anywhere on the ocean grid and place the pegs in the storage areas. Close the game units and slide them together until they click.

Not suitable for children under 3 years because of small parts – choking hazard
