

52" (Diagonal) 16x9 HDTV Monitor with Integrated Shield

| Features                                   | Benefits   |
|--|--|
| Precision CRTs                             | Produce sharp, high resolution images, great detail, and better transition between images  |
| Progressive Scan with Reverse 3:2 Pulldown | Digitally combines two fields of video into one high-resolution image frame. Creating a smooth film-like appearance.   |
| Digital 3-Line Comb Filter                 | Separates black-and-white detail from color information to virtually eliminate edge crawls and rainbow effects while enhancing picture resolution.               |
| IntelliFocus™ Digital Auto Convergence     | Digitally optimizes convergence for the sharpest picture possible.   |
| HD Component Input (SYNCROSCAN™)           | Auto-adjusting inputs allow a wide array of component compatible equipment (e.g. DVD/ Satellite) to be connected simultaneously. Helps simplify hook-up process. |
| Expanded Stereo with Bass Boost            | Uses the TV's left & right speakers to simulate surround sound and create a "live performance" experience.   |
| 20-Watt Audio System                       | Two dual-cone speakers with 10 watts per channel amplification.  |
