GARDEN COMPACT E

Garden Compact E Stiga

A small and flexible ride-on lawnmower with Collection and Multiclip.

The ride-on lawnmower is excellent when an effective collection is important. The flexible ride-on mower can also be driven in Multiclip mode (accessory). Then you don't have to rake or empty grass. Mowing is quieter and you fertilise the grass at the same time.

The ride-on lawnmower is comfortable to operate with just one pedal for clutch and brake and an electric started engine. The seat is adjustable. The collector (140 litres) is very handy. Emptying is performed easily from the driving seat.

Equipped with an environment friendly 6,5 hp engine. Cutting width is 63 cm.
