DR-2080C
DESKTOP SCANNER

AT LAST, HIGH-PERFORMANCE DUPLEX SCANNING. NOW AVAILABLE IN “EXTRA” SMALL.

DR-2080C DESKTOP SCANNER

Dimensions: 8.25" H x 11.7" W x 3.89" D
Body Weight: 5.5 lb.

Fill the desktop with productivity, not equipment.

For today's small businesses and distributed scanning applications, the ultra-compact Canon DR-2080C offers a level of high performance that makes it anything but a lightweight. The product of radical reshaping, defined by its sleek profile and ergonomic design, it has a footprint so small it fits into the tightest spaces—even your budget. At a mere 5.5 lb., Canon's DR-2080C carries a lot of weight, yet still leaves you extra elbow room. A little clout, without any clutter.

The DR-2080C fiscal fitness program:

- ▶ Trim the fat.
- ▶ Reduce the size.
- ▶ Cut power consumption.
- ▶ Make fewer demands on users.

Who said you can't shrink to greatness... and at the same time, increase productivity?

There's never been a better reason to take the big leap into high-performance scanning—especially now that it's been trimmed down, both in size and price, yet without any reduction in image quality. It's what makes Canon's DR-2080C such an incredible value—the undisputed leader in its class.

This is where the line between entry-level and high-end starts to blur.

The DR-2080C offers superior high resolution, up to 600 dpi for all your 24-bit color, grayscale, and black-and-white scanning needs. It captures even the most intricate details of text and photos, all in a single pass. And does it continuously, at incredible scanning speeds—up to 20 pages per minute/simplex mode, and 40 images per minute/duplex mode. Together, these features produce the kind of throughput you never thought possible at this level.

A firm grip on paper-handling.

The DR-2080C is built to the same performance standards inherent in Canon's renowned family of DR-Scanners. Able to scan batches of mixed documents of different sizes, shapes, and weight, it defies convention, redefining the limits of the category. With its unique feeding system, throughput is increased, and presorting delays are kept to a minimum. Even multipart forms are easily scanned using the convenient bypass. All of which makes Canon's DR-2080C the one you can rely on to deliver uninterrupted performance, through thick and thin.

Bypass Switch

Fewer demands on the user create a more user-friendly experience.

It's the ultimate user-friendly interface between man and machine—the virtual Scan Panel, making image processing and contrast adjustments easy for anyone. The Pre-Scan feature allows dynamic image quality adjustments on the first page to be applied to an entire batch—without rescanning. Twenty user-preference profiles can be programmed and stored using the ISIS™/TWAIN driver for fast, easy access to frequently used settings. Automatic image cleanup features can detect and remove blank pages automatically, or deskew, crop, and eliminate borders on images as needed, for truly simple operation.

Scan and send. Seamlessly.

Scanned batches of documents are easily attached to E-mail in a choice of file formats with Canon's bundled software. Also unique to this software is a PDF capability that makes it easy to create searchable files with built-in Optical Character Recognition of text data. And with the comprehensive ISIS/TWAIN driver set, compatibility with a wide range of application software is ensured.

Save the data, not the form.

The programmable Color Dropout feature automatically removes red, green, or blue for more efficient forms-processing. By dropping out the color of the form template or background, only the data is captured for higher accuracy and smaller file sizes.

SPECIFICATIONS

Type:	Compact Document Scanner
Document-feeding:	Automatic or Manual
Document Size:	Width: 2.16" – 8.5" Length: 2.75" – 14"
Thickness:	Automatic-feeding: 0.06mm – 0.15mm Manual-feeding: 0.05mm – 0.2mm
Scanning Element:	Contact Image Sensor
Light Source:	RGB LED
Operating Modes:	Simplex, Duplex, Color, Grayscale, Black and white
Drop-out Colors:	RGB, User-selectable
Scanning Resolution:	100/150/200/300/400/600 dpi
Scanning Speeds*	Simplex Duplex
Black and white:	20 ppm 40 ipm
Grayscale (8-bit):	20 ppm 40 ipm
Color (24-bit@150 dpi):	10 ppm 20 ipm
Stacker Capacity:	50 Sheets (Letter-sized)
Interface:	SCSI-II (Board and Cable Included)
Scanner Drivers:	For Windows® 95/98/2000/Me/XP, Windows NT:® ISIS, TWAIN
Dimensions (H x W x D):	8.25" x 11.7" x 3.89"
Weight:	5.5 lb.
Power Consumption:	Max. 28W

CARRYING CASE (OPTIONAL)

Material:	SYN 1680 PVC
Dimension (H x W x D):	9-7/8" x 14" x 4"
Weight:	1.95 lb.
