

# DVD/CD MP3 Player / Bass Boost

## DV 1805 MP3

### Product Information

- 4 x 55 Watts max. Power
- 2 Channel Preamp Out
- Colour LCD

- Detachable Flipdown Front
- Telephone In
- Aux In

- DVD Smart Mode
- Switchable Key Illumination

#### DVD/CD MP3 Player

The enhanced DVD/CD drive is compatible with regular shaped 12 cm disks in DVD/VCD/SVCD Video format or CD Audio, CD-R and CD-RW format, but also capable of playing DVDs and CDs containing MP3 files. If available, ID3 tags for DIRECTORY, ARTIST, ALBUM and TITLE can be displayed. Copy protected CDs which do not comply with international audio CD standards (Red Book) may not be supported.

#### Bass Boost

Boosts the bass out of the set! This function is selected via a direct key access. Three levels of effect can be chosen according to your preference.

#### Telephone In/Mute

The Phone In connection allows for safer driving whilst corresponding to many country's legislation. What's more, you gain improved sound quality through front loudspeakers and a handsfree kit can be connected.

#### DVD Smart Mode

This functionality gives you the possibility to listen to radio via the front speakers and at the same time playing the disc source e.g. CD or DVD. The sound will be audible via RCA output jacks and video will be displayed via monitors to the rear passengers at the same time.

#### 2 Channel Preamp Out

The 2 Channel Line Out multiplies the sound power combinations and pre-amplifier connections. In order to optimize at its maximum the signal to noise ratio and increase the dynamic, outputs are supplied at 2V.

#### Colour LCD

Animations and graphics are provided in a coloured LC Display.

#### Software Access Menu (SAM)

„Software Access Menu“ is an easy way to personalize your car radio according to your choice and install all possible optional applications.

#### Detachable Flipdown Front

For theft protection, the complete front of this car radio is detachable and flips down to access the drive for inserting and changing a CD/DVD.

#### Aux In

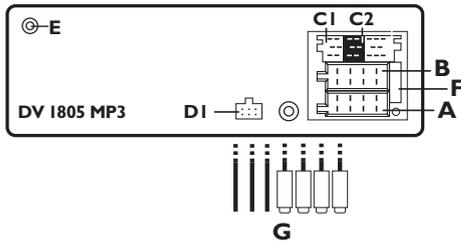

With the Aux In you can connect additional audio sources to your car's Hi-Fi system.

\*Only applies to certain vehicle models  
\*\*Additional adaptor cable necessary
