Product highlights

Up to 1 month standby time

The phone can be on and in standby mode continuously for up to 1 month on a single charge.

Up to 7.5 hours talk time

The phone can support up to 7.5 hours conversation on a single charge.

Handwriting recognition

The intuitive and fast way to write text messages. Simply write on the touch screen as you would write on a piece of paper to have the phone convert your handwriting into an SMS (Short Message Service) text message. The feature has built-in handwriting recognition capability in both Chinese (traditional and simplified) and English (Roman alphabet).

Touch screen

Use the touch screen and integrated stylus to switch to an interface that is simple, intuitive, and comfortable to use. The easy-to-use touch screen lets you quickly navigate menus, write SMS, personalize and give emotion to your pictures, play games, and access other applications.

FM radio on the go

Enjoy the convenience of tuning in to FM radio the way you want - play it out loud through the phone's speaker or via your stereo headset. Just plug in the headset, which acts as an antenna and select your listening option in the menu.
