## Product Information

### Reception

- Tuner: Full (UHF + VHF + Hyperband) Tuner
- Tuning: FST, CH entry, 99 presets
- Tuning/Install Features: Guide Channel Mapping, Manual Search/Store, Plug & Play
- Sound System Off Air: German Stereo, NICAM, Mono

### User Interface

- Time/Date Download: PDC, Text (Time/Date)
- Picture Improvement System: Advanced Studio Picture Control, SMART Picture, Digital Noise Reduction, Time Base Correction
- Additional Playback Standard: NTSC
- Audio Recording System: FM Audio, Linear
- Audio Recording Level: Automatic
- Audio Dubbing: yes
- TV-Related Functions: 16 : 9 (pin 8), Direct Record
- TV-Related Digital Bus Functions: NexTVView Link (pin 10)
- Remote Control RT598 / 101: Backlit, TV Multicode, VCR1/2

### Programming

- Number of Events: 8 / year
- Programming Mode: Remote
- Record Control & Transmitter Identification: PDC, VPS
- Automatic Sat. Recording: SCART 2
- Record Speed: Long Play, Standard Play

### Tape Deck

- Number of Video / FM Audio / Flying Erase Heads: 4 / 2 / 0
- Play: +1, -1, Repeat
- Additional Playback Features: Still, Fast Search Speed, Variable Slow Motion Speed
- Index Related Functions: Next/Previous index search
- Tape Length Recognition: Automatic
- Tape Counter: Linear relative, Linear time left
- Automatic Functions at Tape End: Rewind after Play - Eject after Record
- Winding / Rewinding Time (E180): 110 sec
- Head Cleaning Mode: Automatic

### Styling

- Styling line: CINEMA LINE

### Connectors Rear

- EXT1: Black, Euro CVBS in/out, Y / C out switchable
- EXT2: Black, Euro CVBS in/out, Euro Decoder
- EXT3: S-VHS out
- Audio Conn. Rear: Cinch stereo out
- Terrestrial Antenna In & Out: 75 Ohms (IECtype)
- Mains Connector: Standard (IECtype)
- Synchro edit: Mini-Jack 3,5mm

### Connectors Front

- Audio/Video Conn. Front: Cinch CVBS in, Cinch stereo in, S-VHS in

### General

- Voltage: 198 - 264 V
- Frequency: 50Hz
- Backup Presets & Timer Events: 1yr
- Backup Clock & Calendar: 10 minutes
- Power Cons. in Play / Std-By: 26 / 5,5
- Equipment Supplied: Aerial cable, Mains cord, Remote Control, Batteries
- Weight incl. / excl. package in kg: 6.8 / 4.6
- Set Size -W x D x H (mm): 435 x 330 x 94
- Packaging -W x D x H (mm): 562 x 466 x 200

## Product Highlights

### • NexTVView Link

What would you say if your VCR could be installed automatically just by connecting it to your TV?

Wouldn't it be nice if the TV could switch on automatically when you use the VCR?

Wouldn't it be ideal if, after having surfed through the Electronic Programme Guide, you could programme the VCR's timer by just selecting the film you want and without leaving the TV remote control?

This is not a dream. This is NexTVView Link.

### • Crystal Clear Video

With this unique feature, our engineers have put all their knowledge on the drawing board. The result?

• Digital Studio Tracking System: Now the head always stays on its track!

• Natural Colours: Thanks to a sophisticated Noise-Reduction circuit, the colours look brighter and are virtually noise free.

• Digital Studio Picture Control: This system measures the magnetic characteristics of the tape and activates the digital circuitry accordingly. The resolution is improved and the signal to noise ratio is optimised regardless of the tape quality.

### • SMART Picture

With SMART picture, you can adapt the picture to your own preference: you can exaggerate the contours or suppress the noise from a rental tape.

We offer you the possibility to play your tapes the way you like to see them.

### • Multibrand Remote Control with backlit keys

Should we say it? Our remote-controls can communicate with more than 190 different brands of TVs.

What about getting the cinema thrill and watch a movie in the dark?

Just do it! You will love our back-lighted keys then!

### • Digital Time Base Corrector

With this feature, the playback picture appears perfectly stable without any visible jitter. Vertical edges are straight, like drawn with a ruler.

The combination with an S-VHS recording gives you the real cinema feel.

### • Digital Noise Reduction

This advanced digital signal processing ensures an almost noise-free playback from all kinds of tape (even from old and worn tapes).

### • Synchro Edit

With this connection, the edit operation is synchronized and both sets can be started by the press of one button on one set.
