Day/Night Cam

Color Security Camera

With Audio

24 hour Observation - SEE & HEAR, Day & Night...

Ideal for commercial or home use, the Swann Day/Night Cam allows you to keep an eye on your home or office valuables DAY and NIGHT.

Easy to install and use, the camera is designed with a high quality CMOS color lens system and sensitive microphone delivering crystal clear images and sound to your TV, VCR or Swann security monitor. Featuring an auto night sensor, the camera switches on the infra-red LEDs at night so you can monitor in total darkness or areas that have little light.
