AM/FM Stereo Radio with iPhone/iPod Dock

Option 1: listen to your favorite music and playlists while you charge your iPhone/iPod. **Option 2:** enjoy noise-free reception of even distant radio stations.

The versatile Duo-i plus *plus* offers big-system sound that fits virtually anywhere — your family room, kitchen, office, or all of these and more.

With dual alarms and Boston's 360° S-n-o-o-o-o-z-e Bar, Duo-i *plus* also makes a great bedside radio — and you can be sure of waking up to the music that gets you going.

Duo-i *plus*

"Honey, I shrunk the hi-fi."

The unique shape of Duo-i *plus* is one key to its exceptional performance. Left and right full-range speakers are isolated from each other in separate acoustic chambers for rich, distinct stereo sound. Another key is proprietary BassTrac® audio processing for clean bass at all listening levels. The two technologies work together to deliver stunningly realistic reproduction of your favorite music — in any genre, anywhere.

What it means to be from Boston.

First and foremost, Boston is an engineering company, and every Boston system is optimized to meet the highest performance standards (our own). Of course, performance is only one measure of value. So we're careful to build all our products with strict attention to everything from the choice of materials to the details of fit and finish. It's how we've been exceeding the expectations of serious listeners for nearly thirty years.
