Selling Points

1 Amazing Touch Experience

Experience a faster, more intuitive and fun way of computing with the Acer **All-in-One PC with easy-to-use touch screen technology**, eye-catching style and fantastic entertainment and media sharing.

Preloaded **Acer Touch Suite** synchs your PC, the Internet and your life with fingertip precision providing **Touch Gadgets** for things like music, photos, videos, the Internet and even the webcam allowing you to browse, organize, play music and movies and keep up with social networks - all with your finger.

Windows® 7 compliant multi-touch capability streamlines navigation with exciting, easy usability and hands-on efficiencies. Glide through multiple applications for a superior touch screen experience to enjoy your PC as a media hub.

2 Enhanced Entertainment and Media Sharing

Enjoy advanced media sharing on your social networks with **Acer Touch Suite** making photo management and sharing easier than ever before - snap it, save it and share it with the touch of your finger! **Acer Browser Magnifier** expands reading areas and keeps usage behavior, making it easy to read and browse the web.

View ultra-sharp, vibrant images on the **23" Full HD (16:9) widescreen touch-screen display**, enhancing entertainment, graphic intensive creation, productivity applications, gaming, Internet surfing, digital TV and more.

Immerse yourself in your favorite HD sounds with built-in speakers and **HD Audio support** with audio jacks for headphones, microphones and other audio peripherals. **1.3 Megapixel Webcam and Microphone** deliver solid communication to all your family and friends.

Media Card Reader provides a cableless connection to your digital devices, while an enormous **1 Terabyte Green Product Hard Drive** provides plenty of space to store rich media content.

3 Powerful Performance in an Innovative Stylish Design

This space saving design integrates a PC and monitor into one, saving room in the home or office. Adjustable back stand, **802.11b/g/n** connectivity and **Wireless Keyboard and Mouse** keep things clean and organized with less wires while an **illuminated red strip** serves as a night light and adds elegance to any room.

Intel® Core™ i3 Processor and **4GB DDR3 Memory** deliver the multitasking performance needed to take advantage of the latest in digital media, photography and gaming.
