HP Compaq 6910p Business Notebook

Overview

- The HP Compaq 6910p Business Notebook PC sets a new standard for on-the-move productivity with industry-leading battery life and a starting weight of only 2.0 kg. With enhanced performance features, comprehensive security solutions and compatibility with a range of HP Universal Accessories, it's the absolute business professional.

Empower your business

- Strengthen security measures and help reduce your TCO with Intel® Centrino® Pro[1] mobile technology's built-in remote manageability, proactive security, and energy-efficient performance. Experience new levels of system responsiveness when running multiple applications and smarter battery performance designed to help extend mobility with Intel® Core™2 Duo Processor. Choice of Intel or high performance ATI graphics for superior visual performance. Plus, compatibility with a range of HP Universal Accessories gives you a fully outfitted business notebook.

Enjoy wireless in more places

- Whether you're across the street or across the country, HP Broadband Wireless[2], WLAN[3] and Bluetooth® technologies allow you to stay connected in more places. You also have the flexibility to add HP Broadband Wireless after your initial purchase or at a later date.

Designed for mobility

- An ultra-slim MultiBay II drive allows you to swap optical drives with secondary hard drives for increased storage or switch the drive with a weight saver for optimal travel weight. The HP Privacy Filter is a built-to-fit, security filter that narrows the viewing angle with no blurring or image distortion so your screen is visible only to you. HP QuickLook enables you to quickly browse your email, calendars, and contact information with a touch of a button whether your PC is turned on or not.[4]

Built to protect.

- An array of multi-layered security solutions can be tailored to help defend your network, applications, and data. The new Drive Encryption for HP ProtectTools encrypts all information on the hard drive volume so it becomes unreadable to an un-authorised person.

Built to simplify.

- Take advantage of the broad accessory portfolio and the option of all-day computing experience with the secondary batteries.

HP Compaq 2510p Business Notebook

Overview

- With a starting weight of just 1.30 kg, the HP Compaq 2510p Business Notebook PC is our smallest and lightest business notebook and designed to go wherever you need to go.

Keeps the ultra mobile—ultra-productive

- Configure your HP 2510p with an integrated optical drive for enhanced convenience and productivity or go without for lightweight mobility. Dual-pointing devices (touchpad with scroll zone and pointstick) give you the flexibility to choose the solution that works best for you. A choice of Intel® Core™2 Duo Ultra Low Voltage processors with Intel® Centrino® Pro[1] mobile technology helps reduce the total cost of operating and managing your PC with built-in remote manageability, proactive security, and energy efficiency.

Power that goes with you

- A 12.1-inch diagonal widescreen Illumi-Lite display provides with you with a slim and light notebook PC while extending your battery's run time by up to 90 minutes over a notebook with traditional LCD backlighting. The HP 2510p also offers three flexible battery solutions for lightest weight configurations or all-day computing.

Enjoy wireless in more places

- Whether you're across the street or across the country, HP Broadband Wireless [2] allows you to conveniently stay connected in more places. You also have the flexibility to add HP Broadband Wireless at a later date.
- HP Professional Innovations help you focus on your business

Built to protect

- An array of multi-layered security solutions can be tailored to help defend your network, applications, and data. The new Drive Encryption for HP ProtectTools encrypts all information on the hard drive volume so it becomes unreadable to an unauthorised person. Built to simplify. Boost your productivity while maximising simplicity with features such as HP QuickLook [3]. Quickly browse your email, calendars, and contact information with a touch of a button whether your PC is turned on or not.

  6 cell extended (2510p)
- 12 cell ultra capacity (6910p)
  9 cell ultra capacity (2510p)

Ideal for the "corridor warrior" that requires extra battery life but still values the benefits of docking
- Increases the notebook's battery life by up to 6 hours, and provides the user with up to 12 total hours of battery power
- Offers convenience of charging while the notebook is docked– an industry first

Ideal solution for notebook users that need to stay productive longer without adding significant weight
- HP Fast Charge Technology allows you to recharge your battery quickly – up to 90 % in 90 minutes
- Can be charged while attached to notebook or directly through unique integrated connector and AC adapter

HP Carry Case

Deluxe roller (GD405AA)

- Essential for traveling and easily portable for everyday use.
- Accommodates all of your accessories from mobile phone, to power supply and pens. Rear file folder section also has removable accessory pouches.
- Rear roller handle can accommodate the weight of a traditional top load case and stows away neatly when not in use.
- Horizontally orientated configuration fits down airplane isles.
- Removable shoulder strap included.

Executive leather (RR316AA)

- With an air cushion system that acts as a shock absorber as well as a protective sidewall this case not only looks stylish but offers exceptional protection.
- A whole host of other smart features make this the perfect choice for business travellers

HP Care Pack

Service and support are investments in your business. Downtime is a cost that reduces the productivity and profitability of your business.

- **Maximize productivity by choosing the precise level of service to proactively manage your environment.**
  - Mobile users travel often and sometimes require support when they're on the road. With HP Travelers Care Pack users get support wherever they are with the same quality as if they were at the office.

- **HP Care Packs provide customers with higher turn-around times and ensure support requirements are met.**
  - The response an HP Care Pack service provides is not only faster, but HP's local inventory of spares is also available to you. The value of spares goes down 1% per month and spare parts are replaced with new ones every 4-6 months so your spare inventory will be obsolete before you even get a chance to use it.
  - If your HP PCs are about to become out of warranty, you may still purchase a Post-Warranty HP Care Pack.

- **Peace of mind for the life of the product provided by:**
  - Consistent level of support at home and while travelling.
  - Local country/local language support within business hours and business days.
  - Simplified administration through a single point-of-contact.
  - Simplified purchase decision through up-front payment and pre-set pricing.

HP Docking Solutions

HP NAS 3 in 1 Docking Station (EM537AA)

- Robust "all-in-one" mobile office solution offers all the conveniences of docking as well as Network Attached Storage for data backup / file sharing
- port replication and cable management, plus expandability through an integrated MultiBay II expansion bay and ExpressCard slot - all in one product
- Six USB ports allow you to connect more peripherals to make you more productive
- Optional integrated HP/Kensington Cable Lock allows you to secure your docking station, notebook and integrated MultiBay II drive with one lock
- Integrated high-capacity 160-GB SATA Hard Drive offers superior reliability and performance
- Broadcom BCM4781 NASoC chip provides Network Attached Storage capabilities
- Includes HP Backup and Recovery Manager software for simple data recovery and backup.

HP 2510p Ultra light Docking Station (EQ773AA)

- A unique docking station for a unique notebook. This convenient, easy to use docking system offers port replication and simplified cable management in a space-saving design.
- Easy docking system provides port replication and cable management in one product.
- Four USB ports allow you to connect more peripherals to make you more productive.
- Compatible with the HP Adjustable Notebook Stand and HP Monitor Stand to create an ergonomic desktop computing experience.

HP L2465 TFT Monitor (EF224AT*)

*Cashback available until 31st October 2007

The HP LP2465 Flat Panel Monitor is an extra-large 24-inch diagonal widescreen LCD monitor that offers excellent performance features for workstation and high-end business users.

Advanced features

This monitor's premier selection of advanced presentation features includes:

- Superior clarity with a 1000:1 contrast ratio, sharp resolutions up to 1920 x 1200, and an extra-bright wide format screen*
- The HP Quick Release 1 built into the stand allows quick and easy mounting on a wall, arm, or another VESA-compliant device
- 178-degree viewing angles enable easy line of sight from anywhere in the room
- Fast 6 ms 2 gray to gray response time helps ensure crisp, clear viewing of images and text.
- Integrated power supply eliminates bulky "power bricks" and improves cable management
- HP Display Assistant software utility allows monitor adjustment, color calibration, and security/asset management through the connected PC
- HP Display LiteSaver technology helps increase monitor life and reduce power consumption with pre-scheduled low-power Sleep modes

Improved user comfort

- A height-adjustable base and 90-degree pivot rotation foster comfortable eye contact with the screen. The detachable base simplifies mounting, handling, and shipping. Super-thin bezels let you "tile" multiple panels together for a panoramic array of large amounts of data and information in environments such as trading floors.

Investment protection

- A variety of inputs help enhance flexibility, including dual DVI-I for dual analog mode or dual digital mode. The built-in USB hub simplifies compatibility with peripherals such as the optional HP Flat Panel Speaker Bar (sold separately), which adds speakers to the desktop by attaching easily to the base of the monitor.

All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower.

HP L2045w TFT Monitor (EF227AT*)

Now you can enjoy the same widescreen comfort of your notebook when you're working at the office. The super-sized HP L2045w Flat Panel Monitor offers the advanced performance features of our Advantage series monitors in an elegant 20-inch diagonal screen designed for users who prefer widescreen viewing, wherever they work.

Improve how you see your work

- Get crisp, clear, high-definition views of your graphics and data projects with a 600:1 contrast ratio, sharp resolutions to 1680 x 1050, and fast 5 ms response time 1
- Position the monitor for the way you work most comfortably—on the desk—or using the optional HP Quick Release 2 —a wall or arm·
- Minimize clutter on the desk or mount the monitor flush against the wall; the integrated power supply eliminates bulky "power bricks" and improves cable management
- Take advantage of smart software—HP Display Assistant lets you adjust the display through software instead of the on-screen display (OSD)

Get comfortable

- The HP L2045w monitor helps you find the most comfortable viewing position with a height adjustable base, tilt, swivel, and 90-degree pivot rotation features. The special low-point feature on the height adjustable stand lets you position the lower bezel flush with the desk or docking station if you prefer a low-sitting screen.

HP Bluetooth PC Card Mouse (RJ316ET)

- All the benefits of standard optical mouse with the added bonus of Bluetooth operability and wireless freedom
- Stores neatly inside the PC card slot of your HP Business Notebook
- No batteries to replace; the HP Bluetooth PC Card Mouse charges inside your HP Business Notebook
- Integrated battery provides up to 10 hours of continuous use battery life
- Integrated 'kickstand' flips out to position HP Bluetooth PC Card Mouse comfortably
- Smooth, accurate optical performance
