

RANGE COMPOSITION

N 700: a range of over 100 models for the professional caterer designed to guarantee the highest level of performance, reliability, energy saving, safety standards and ergonomic operation. These concepts are reflected in the total modularity of the range that ensures numerous configurations, either free-standing, or bridged. N 700 demonstrates how advanced technology can satisfy the needs of the professional caterer. The models detailed on this sheet are gas grills in half and full module ideal for grilling fish and meats.

GAS LAVA CHAR-GRILL TOPS **ZANUSSI** PROFESSIONAL

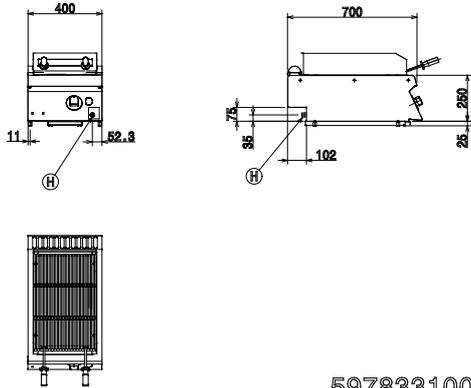

FUNCTIONAL AND CONSTRUCTION FEATURES

- ◆ Stainless steel burners. Each burner consists of 3 high power gas rails. The gas burners are protected by stainless steel deflection trays to prevent blockage from foreign objects.
- ◆ Each ½ module has a separate control for the burner with a flame failure device.

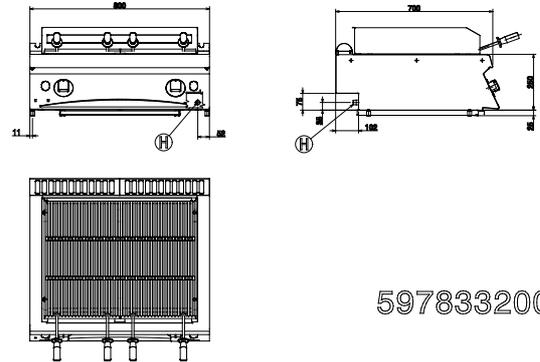

- ◆ Worktop in 1,5mm stainless steel. Front panel in stainless steel with Scotch Brite finish.
- ◆ All models have right-angled side edges to allow flush fitting joints between units.
- ◆ Cast-iron grids with frontal draining channel for fat and stainless steel splashguard on three sides. Multi purpose cast iron grids are adjustable in 3 different levels.

- ◆ Multi purpose grids adjust in 3 different levels.
- ◆ IPX4 water protection.
- ◆ Main connections can be via the rear or the base of the unit.
- ◆ All gas appliances are supplied for use with natural gas or LPG. Conversion jets supplied as standard.
- ◆ Not for installation on refrigerated base.
