SP-RK6B and SP-RK6G

6" Rock Speaker

Model shown SP-RK6G (granite), also available model SP-RK6B (brown)

Speco Technologies' coaxial 6" rock speakers deliver high quality sound enjoyment for outdoor locations while seamlessly blending into the beauty and harmony of the environment with their realistic rock design. Each speaker's exterior is constructed from a heavy-duty, durable polymer that will maintain its appearance through years of weather exposure. Each individually sold speaker is completely weatherproof and comes in your choice of granite or brown.
