*** Adapter required

Hardware Installation

Note: Before you begin, please make sure that the power to the device and your computer has been turned off.

Step 1.
Plug the USB 3.0 Micro-B connector into the Multi-Card Reader / Writer's USB 3.0 Type mini-B port

Step 2.
Plug the USB 3.0 standard A connector into the computer's USB 3.0 port.

Step 3.
Turn on the computer

Step 4.
Once the computer has finished booting up, insert the desired media card.

Step 5.
To view stored information / images on your memory cards, go to "My Computer."

Remember, you may view the contents of more than one memory card at a time. However, MMC/SD 2 and Micro SD 1 slots will show as one Removable Disk; M2 4 and MS 3 slots will show as one Removable Disk. Users cannot use both slots at the same time.

Warning: Formatting your card will permanently erase all your data/images

Note: Properly insert your media card into the Multi-Card Reader / Writer. The GFR381 is designed to accept media cards in a specific position. If you insert the media card and it does not easily slide all the way into the media slot, remove and rotate the card to properly fit into the slot.
