- **Set weight:** 2.7 kg
- **Weight incl. Packaging:** 3.4 kg

Container Loading

- **Container 20 feet:** 900
- **Container 40 feet:** 1800
- **Container 40 feet (HC):** 2000

DVP3345V/I7

Product highlights

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

Hi-Fi stereo VHS

Hi-Fi Stereo VHS plays back true stereo VHS
