sense and simplicity

Specifications

Dimensions and weight

- **Product dimensions (LxWxH):** 60 x 64 x 105 mm
- **Product weight:** 180 g
- **F-box dimensions (LxWxH):** 66 x 66 x 112 mm
- **F-box weight:** 190 g
- **A-box dimensions (LxWxH):** 345 x 145 x 130 mm
- **A-box weight:** 2.1 kg

Logistic data

- **EAN F Box:** 87 10103 40065 3
- **EAN A Box:** 87 10103 40066 0
- **Quantity per A Box:** 10 pcs
- **Country of Origin:** Japan

Product highlights

Removes bacteria, harmful organic compounds, lead

The Micro X-Clean is multi-filtration system. It consists of (1) a hi-tech hollow-fibre membrane, which contains more than 300 billion micro-pores for the efficient removal of 99.99% of all bacteria, (2) an ion exchanger to remove harmful soluble lead, (3) fine granular activated carbon to remove the harmful chlorination by-products, harmful industrial pollutants such as volatile organic chemicals, and agricultural pollutants such as the pesticide CAT. It also removes unpleasant chlorine, bad taste and odors. The filter preserves the good minerals in drinking water that are vital for human health
