

# visioneer® 9750 PDF

The Visioneer 9750 PDF scanner, is the perfect tool to turn paper documents into electronic files and put them to work. The built-in Automatic Document Feeder (ADF) holds 50 pages\* and scans up to 20 pages per minute in 200 dpi black and white mode. Includes ScanSoft PaperPort Deluxe 9 and TextBridge Pro 9 OCR.

Scan any document to Adobe® Portable Document Format (PDF) using ScanSoft PaperPort Deluxe 9 included with the Visioneer 9750 PDF scanner. PDF, a universal file format that preserves all the fonts, formatting, graphics, and color of any source document, regardless of the application and platform used to create it, is the native file format in this new release of PaperPort Deluxe. Adobe PDF files are compact and can be shared, viewed, navigated, and printed exactly as intended by anyone with the free Adobe Acrobat® Reader® software downloadable at [www.adobe.com](http://www.adobe.com).

The Visioneer 9750 PDF features 600x1200 dpi optical resolution, 48-bit color, Hi-Speed USB 2.0 interface and scans everything from 4.5" x 5.5" pages up to legal sized documents through the ADF and includes a flatbed for scanning books, magazines, business cards and other small or bulky items.

The 9750 PDF includes Visioneer's award-winning OneTouch Technology, which allows users to configure the scanner to perform common scanning tasks at the touch of a button. Button defaults are email, copy and scan.

## ScanSoft® **PAPERPORT DELUXE™**

PaperPort Deluxe 9 is the easiest way to turn piles of paper or photos into organized digital files that you can quickly find, use and share. Stop wasting time looking for paper documents scattered around your home and office. PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer.

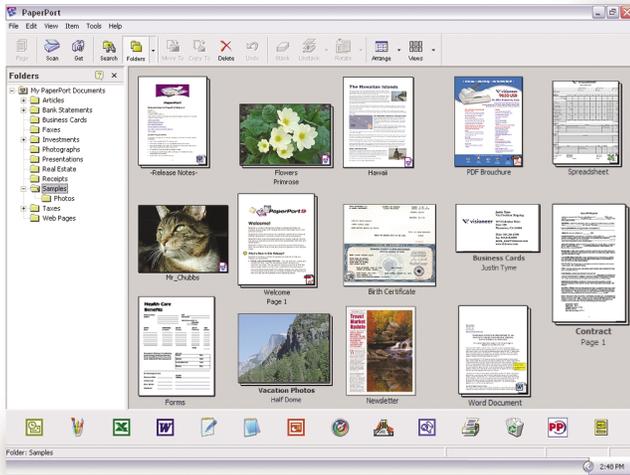

## ScanSoft® **TextBridge™ PRO**

Quickly turns scanned documents into editable, formatted text. You can use the text in virtually any word processing, desktop publishing, or web publishing program.

## ArcSoft® **photo Impression™**

Edit, retouch, and enhance images simply and quickly. Apply special effects with point-n-click interface. Numerous templates for cards and calendars are included.

## Scan-to-PDF

PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer.

## Easily Convert Paper Documents into Digital Documents

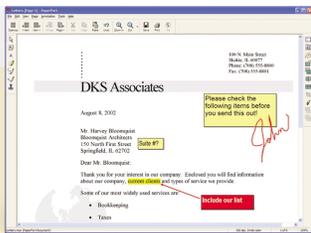

You can turn your scanned images into editable Word, Excel or text files with a simple drag and drop to PaperPort's SendTo Bar. Virtually eliminates the need for retyping documents.

## Find Information Fast

PaperPort helps you find any document or image on your PC instantly. Just type in a word or phrase and PaperPort will bring up the right document immediately.

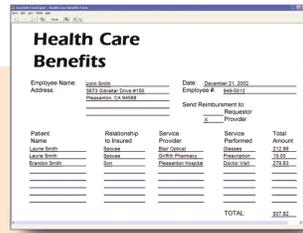

## Fill Out Forms Quickly, Neatly

FormTyper® automatically recognizes the fields on a scanned form. Simply tab and type in PaperPort to neatly fill in the information. Print the filled-in form and PaperPort automatically saves an electronic copy for your records.

## Zoom in with Page View

- Add sticky notes and annotations
- Use color highlighter on important points
- Insert lines and arrows for emphasis

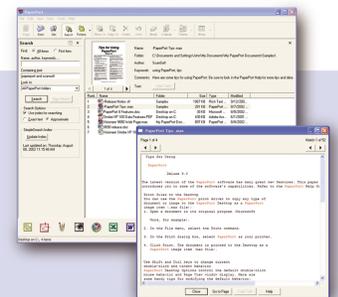

## FormTyper™

- Scan forms and fill them in
- FormTyper finds the fields, just tab and type
- Email, print or fax completed forms

## ScanSoft TextBridge® Pro

- Convert scanned documents into editable text
- Retains tables, graphics and layout
- Built-in proofreader

## SimpleSearch®

- Indexes scanned and electronic documents in the background
- Search files by content, title, keyword, or annotations
- Shows where the word appears in the document

## Minimum System Requirements

- Pentium equivalent processor or higher
- 64MB of RAM (128MB for Windows XP)
- CD-ROM drive (For installing software on your PC)
- USB Port
- Windows® 98SE/2000/Me/XP
- 200MB of available Hard Disk Space
- Color Monitor
