

Cafe Classic

Dispensers For Freeze Dried / Soluble Coffee, Espresso and Cappuccino

*With More Than
17 Programmable Features*

When deciding on a dispenser to fit your business, choose one that dispenses fast, works efficiently and is user friendly. Choose one that has an easy to read "LCD" Display and the most up to date Microprocessor Technology available.

You may even decide to choose one that sets up in seconds and dispenses in either Free Flow or Portion Control mode.

Cecilware's hot beverage dispensers with "IT" Microprocessor provides an operator with *total* operating control. With "IT", there's no reason to rely on blinking lights to set up or change the dispenser settings. "IT"s LCD display simply walks an operator through all functions. "IT" also displays diagnostic messages for easy servicing.

So choose the dispenser with Intelligent Technology

"IT's" The Intelligent Choice!

JAVA2-IT

Cecilware's "Cafe Classic" Dispensers with "IT" dispenses freeze dried / soluble regular or decaffeinated Coffee, Espresso and Cappuccino at the touch of a button. With "Cafe Classic" Dispensers, there is no preparation, no waste and no messy clean up. Dispense profits easily and consistently. All dispensers come standard with **Adjustable Speed Controls** which allow you to vary the drink strength to produce a light, medium or strong cup of Coffee or Espresso.

JAVACCINO3-IT-3PC

Dispenses hot beverages 30% faster than any dispenser available. "Fast Flow" reduces

- ✓ wear and tear on major dispenser components.
- ✓ **Direct Drive Auger System** - Insures perfect hopper alignment and "silent running".
- ✓ **Vacuum Steam Removal System** - Insures that the product will remain dry which eliminates clogging, caking and bridging.
- ✓ **"Power Whip"** - Carefully whips the cappuccino product into a delicious, creamy drink.

- ✓ **Product Integrity Guaranteed** - Individual product hoppers and dispense chambers prevent mixing of different products.
- ✓ **Stainless Steel Drip Tray** - 3" high x 15" deep - Allows for easy cleaning and proper maintenance.
- ✓ **Unique Designed Water Tank** - maintains perfect brew temperature readiness at all times
- ✓ **"Quick Change" Duratrans** - In less than 15 seconds, you can change the graphics on the dispenser.
