

PARK ACCESSORIES

SWEEPING UNIT PARK

Sweeping Unit Park

Efficient sweeping unit to Stiga Park.

The sweeping unit is very useful for areas with asphalt, grass and concrete. Also very suitable for up to 15 cm of newly fallen snow.

Very flexible to use with three adjustable pivot wheels and a removable front wheel. The sweeping angle can comfortably be adjusted from driver's seat.

The working width is 100 cm.

Fits Park and Park Pro.

Dust cover is available as accessory.
