- Ear cushions improve wearing comfort and bass response

### Always ready to go

- Durable Flexi-Grip makes a strong flexible connection

**PHILIPS**  
sense and simplicity

## Specifications

## Product highlights

### Neodymium magnet

*Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.*

### Twin vents

*Specially designed vents that channel the air balance the high tones and bass for a more rounded listening experience.*

### 15 mm speaker driver

*Small enough for optimum wearing comfort and big enough to deliver crisp, non-distorted sound, the 15 mm speaker driver is an ideal size for listening enjoyment.*

### Comfort ear cushions

*The special shape and luxurious materials used for the ear cushions ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.*

### Flexi-Grip design

*A soft, flexible part protects the cable connection from damage that otherwise would occur due to repeated bending.*
