- Easy to use... just snap it in and you're ready to shoot
- Easy to find... readily available in major drug, grocery, and convenience stores nationwide
- Easy on your pocketbook (no matter which format you use)
- Easy choice... simple, affordable, and convenient—and it comes from SanDisk—the world leader in flash memory cards

Shoot, store, and share your digital pictures with confidence.

Leave it to SanDisk, the world's leading supplier of flash memory cards, to make digital photography simpler, more affordable, and more convenient than ever. With SanDisk Shoot & Store memory cards, you can take up to 50, 100, or 200 digital pictures, share them with family and friends, then save them indefinitely on your card, or transfer them to your computer. Nothing could be easier!

Approximate number of pictures for a 50, 100 and 200 picture memory card*

Camera Megapixels	Number of Pictures (50 Picture card)	Number of Pictures (100 Picture card)	Number of Pictures (200 Picture card)
1	50	100	200
2	34	69	138
3	19	38	76
4	13	26	52
5	11	21	42

*Approximate number of pictures from a camera in high-resolution or fine mode will vary depending on subject complexity and camera model. 1MB = 1 million bytes. Some of the listed capacity is used for formatting and other functions, and thus is not available for data storage.
