

Ultra Portable & Stylish Design

Compact and stylish design is perfect for set-up in a home theater setting or on the road for the mobile professional.

Automatic One-Touch Set-Up

Take the hassle out of set up with Sony's unique automatic Lens, Tilt, Input Search, Keystone and Pixel adjustments with the touch of a button.

HDTV Compatible & Up To XGA Resolution Images

HD compatible inputs are perfect for home theater use. Also, Computer, DVD, VCR's and Camcorders inputs are provided to connect to all of your favorite toys. SVGA computer resolution provides the ideal level of image performance to match today's PC's.

High-Brightness LCD Panel

Sony's original virtual light system with the all new super high aperture liquid crystal panel and newly developed high brightness lamp with 1500 ANSI lumens.

TV & PC Inputs

Flexible input options provide Component, Composite and S-Video for television sources and VGA input for PC connection.

The Sony® VPL-ES2 mobile projector delivers superior image performance and automatic one-touch operation for home theater or business use. Sony's original high brightness LCD panel displays HDTV and up to XGA resolution images. Compact, stylish design combined with TV and PC inputs provide the flexibility you need for work or play.
