- **Max. Input Water Temperature:** 50 °C
- **Input Water Pressure:** 70 - 350 kPa
- **Initial Water Flow Rate:** 2 Litres/min, water pressure @ 100kPa, water temperature @ 20°C
- **Chlorine Reduction Capacity:** 2500 Litres (density @ 2ppm)
- **Filter Lifetime:** Approx. 6 months

Dimensions and weight

- **Product dimensions (LxVxH):** 65 x 143 x 106 mm
- **Product weight:** 260 g
- **F-box dimensions (LxVxH):** 84 x 170 x 140 mm
- **F-box weight:** 440 g
- **A-box dimensions (LxVxH):** 360 x 450 x 310 mm
- **A-box weight:** 9.7 kg

Logistic data

- **EAN F Box:** 87 10103 29992 9 (Brazil), 87 10103 31011 2 (Argentina)
- **EAN A Box:** 87 10103 29993 6 (Brazil), 87 10103 31012 9 (Argentina)
- **Quantity per A Box:** 20 pcs
- **Country of Origin:** Japan

Product highlights

PureTaste filter

The PureTaste filter removes unpleasant chlorine, bad tastes and smells, as well as large sediment from tap water, ensuring cleaner and tastier water for drinking, cooking and cleaning. In addition, the silver-coated activated carbon inside the PureTaste filter prevents bacteria growth inside the filter.

PureProtect Alert

The filter is supplied with PureProtect Alert, which adheres to the filter cap easily. By marking the month of replacement, you can be sure you remember when to replace your filter.

Hi-Flow

This compact water purifier has a maximum flow rate of two litres per minute, which makes little change to the normal flow rate of unfiltered water. By simply rotating the water selection lever, you also have a choice of either a stream or a spray of unfiltered water or sprayed filtered water.

QuickFit tap adapters

The appliance comes with a number of tailor-made QuickFit tap adapters, making sure it will fit on almost any type of kitchen tap

QuickTwist filter change

The QuickTwist filter change mechanism makes changing the filter quick, easy and secure.
