Dual Azimuth 4-Head VCR with Auto Clock Set

- 4 Head
- Auto Clock Set
- Full Clock Display
- Plug & Play
- 400x Rewind
- Self Diagnostic System
- 24 Hour x 7 Day Back Up
- S-VHS Quasi Play Back (SQPB)
- Picture Sharpness Control
- Remote Control (VCR Only)

# VR5260

Dual Azimuth 4-Head VCR with Auto Clock Set

# VCR

## VIDEO FEATURES

**Dual azimuth 4-head recording/playback** for jitter-free special effects

**Narrow video head** (19-micron head gap) improves playback picture quality in SLP mode

**Digital auto tracking** automatically adjusts positioning of the video heads to assure best picture and sound quality, manual adjustments can be performed via the remote

**HQ video circuitry and luminance noise reduction (YNR)** improves signal-to-noise ratio by more than 1.5dB

**Front panel A/V inputs** with auto priority for easy viewing of camcorder or video games

## CONVENIENCE

**Auto clock set** automatically sets the date and time on the VCR clock from data included in the TV broadcast signal (where available) each time the VCR is used

**LED digital display** lets you easily view clock, channel and VCR functions

**Quick start mechanism** for a shorter response time between functions

**400x super speed rewind:** rewinds a T-120 tape in about 60 seconds

**Jet picture search:** 7x/SP and 21x/SLP

**Commercial FF skip search** advances the tape 30 seconds at the touch of a button

**Auto fit recording** helps ensure that timer recordings fit on the tape by automatically downshifting from SP to SLP recording speed

**Remote shuttle** allows one-button playback selection at -7x/-5x/-3x/still/slow/1x/2x/3x/5x/7x

**Scan and play** will search to find the starting point of each recording on a tape. When it finds the starting point it will play the first five seconds of the recording and then continue searching for the next recording on the tape

**One-touch replay** plays back the last 5 seconds of video at the push of a button

**Record file** stores and displays record information (date, record time, channel info, etc.)

**Self diagnostic system** provides helpful on-screen messages for troubleshooting common errors, to insure easy operation of the VCR

**Auto daylight savings time**

**Auto power off (1hr./2hr.)**

**24h x 7d back-up** stores timer recording information forever. When the power is restored, VCR confirms clock and channel memory information automatically while maintaining timer recording information

**Auto play** when cassette without a safety tab is inserted

**SQPB** makes it possible to play back S-VHS recordings with regular VHS resolution.

**Picture sharpness control** lets you watch the improved screen with the low quality video tape

**Zero search:** Lets you repeat a section of a tape at any time. Simply set the tape counter to zero at the beginning of the section you want to repeat. Then press the search button on the remote

**End search:** Ever accidentally record over a portion of a tape you wanted to save? End search will fast forward the tape to the end point of the last recording

**Low power consumption (Energy Star)**

**Instant play:** Simply have a tape loaded in the VCR. Even with the VCR off, instant play lets you enjoy your recordings just by pressing the play button

**Auto power off (1 hr./2 hr.)**

**One-touch recording** in 30 minute increments with count-down on LED display

**8-event/1-month timer** for unattended programmed recordings

**VCR lock** prevents others from operating the VCR and interrupting timer recordings

**Timer recording** can occur even if VCR power is accidentally left on

**Tape remaining bar graph display** with hours and minutes on the TV screen

**181-channel TV tuning capability**

**Auto channel programming**

**Trilingual on-screen display** (English, Spanish, French)

## SPECIFICATIONS

**Format:** VHS NTSC standard

**Recording speeds:** SP/SLP

**Playback speeds:** SP/LP/SLP

**Channel coverage:** VHF 2-13, UHF 14-69, CATV 1-125 (up to 181 pre-selected channels)

**Antenna:** CATV/VHF/UHF 75-ohm, F-type

**Video input:** Front, Phono type

**Video outputs:** Front/rear, Phono type

**Audio input:** Front, Phono type

**Audio outputs:** Rear, Phono type

**Power requirements:** 120V AC, 60Hz

**Power consumption:** Approximately 16 watts (power on); 3.8 watts (standby)

**Net dimensions:**

14 1/4"(W) x 3 3/4"(H) x 9 1/2"(D)

**Net weight:** 6 1/4 lbs.

## SHIPPING INFORMATION

**Shipping dimensions:**

17 1/4"(W) x 6 5/8"(H) x 13 1/4"(D)

**Shipping weight:** 8 1/4 lbs.

## SUPPLIED ACCESSORIES

Wireless remote control, Coaxial cable, 2 AA batteries for remote unit
