POS Workstation  
**JS-790WS**

## Panasonic reliability - now in small packages...

The Panasonic JS-790WS proves that good things really do come in small packages.

Purpose-built design with the proven reliability you've come to expect from Panasonic, the 790WS is the next big thing in point of sale systems (POS).

### Compact

- Save valuable counter space with the compact design of the 790WS. Even the tightest front counter can accommodate the sleek shape of the Panasonic 790WS.
- The "all-in-one" design of the 790WS eliminates the clutter of additional hardware giving you a clean look that also saves space.
- Make the most of your front counter real estate by taking advantage of the 790WS's rear-facing point of purchase display. Promoting special menu items is now easier than ever!

JS-790WS

## Innovative

- The adjustable, dual back light LCD display provides high resolution, high contrast images for faster, more accurate order taking.
- No moving parts gives the 790WS much higher reliability than other workstations or PCs.
- Internal uninterrupted power supply (UPS) ensures smooth system shutdown and recovery in the event of a sudden power loss.
- Modular design features field replaceable compact flash card, and an easily accessible UPS battery for fast, easy maintenance if needed.

## Durable

- Keep your restaurant looking clean and new with the Panasonic 790WS. The durable plastic casing resists dust, dirt and grease build-up, giving your front counter a friendly and clean face.
- Accidents happen but they won't stop the Panasonic 790WS. With a spill resistant design, the 790WS can withstand even the wettest mistakes.
- Fanless design makes the 790WS an outstanding choice for supreme reliability and durability.

## Specifications

|                  |  |
