iPod 2.1 Audio System with IR Remote

iPod 2.1 Audio System with IR Remote

The iSystem Box creates a multifunctional speaker hub that is perfect no matter what you want to use your iPod for! The iSystem's 2.1 audio system utilizes proprietary acoustic technology to deliver powerful bass and crystal clear mid and high range notes. Featuring a power charging function that re-juices most iPod models and a remote control compatible with all popular iProducts, this device is the last iPod accessory you'll ever need!

The intuitive, stylish controls feature touch sensitive volume adjustment, as well as the popular iPod music control functions: play/pause, next/previous, and random/repeat, the same controls as the iconic iPod model! The remote control is Infrared powered, making any line of site location the perfect place to listen to your music! The stereo mini-jack makes the iSystem compatible with most non-apple music and CD players, as well.

*IPOD NOT INCLUDED
