

Racer Pro Input devices

2.4 GHz wireless, rechargeable presentation mouse

This wireless optical presentation mouse is handy and light weight, making it ideal for mobile users. In addition to the three buttons - which include a scroll function - the Racer Pro also offers an integrated laser pointer and three additional hot keys that make each presentation simple and stress-free.

The Racer Pro offers programmeable functions for turning pages, multimedia, email access, volume control and much much more. The 2.4 GHz radio frequency offers remote access up to 10 metres (33 feet).

Enjoy mobility in comfort with the Racer Pro.
