## No-Jack Swap-Top™ Phone with Call-Waiting Caller ID\*

<b>Color</b>	<b>Cordless Telephone</b>			
<b>Silver</b>	<b>10-Number Memory</b> For frequently called numbers.	<b>Convenient Push-Button Channel Advance</b>	<b>One-Touch Redial</b> Redials the last number dialed.	<b>Tone/Pulse Switchable Dialing</b> <ul style="list-style-type: none"><li>• Allows touch-tone and pulse dialing.</li><li>• Allows any combination of tone and pulse for access to long distance service without added monthly tone-access line charge.</li></ul>
<b>Modular Jack(s)</b>	<b>32-Channel Auto Scan</b> Automatically selects a clear channel.	<b>Crystal Clear® Phone with Compandor Technology</b> Extends the effective range of your cordless telephone and virtually eliminates static and interference.	<b>Out-of-Range Warning</b>	
<b>RJ11C</b>			<b>Pause Function</b> Inserts a pause between numbers when chain dialing or programming memory.	
<b>Power Source</b>	<b>900 MHz Transmission</b> An advanced cordless telephone operating on 902-928 MHz frequency offering clearer reception and significantly less interference with better range.	<b>Digital Security System</b> Prevents false ringing and unauthorized access to phone line from other cordless telephones.	<b>Ringer On/Off Control</b>	
<b>Phone Line</b>			<b>Temporary Tone</b> Allows pulse/rotary users to easily access tone services.	
<b>UL-Approved AC Adapter (included)</b>	<b>Back-Lit Keypad</b>	<b>Easy Installation</b>	<b>Tone Feedback</b> Confirms each digit was dialed.	
	<b>Base Antenna</b>	<b>Flash Function</b> For access to subscription telephone services like Three-Way Calling and Call-Waiting.		
	<b>Battery-Low Warning</b> Tone alerts user when battery is low.	<b>Handset Volume Control (Hi/Lo)</b>		
	<b>Chain-Dialing Capability</b> For chaining multiple sets of numbers. Saves dialing time when making credit card calls or using other phone card PIN numbers.	<b>Hearing Aid Compatible</b>		
	<b>Charge Indicator Light</b>			
	<b>Consumer Replaceable Rechargeable Nickel Metal Hydride Battery</b>			

## Type II Caller ID

### 40-Name-and-Number Memory

### Back-Lit Three-Line LCD Display

- Caller's phone number or name and number.
- Date and time of call.
- Call sequence number.

### Caller ID Memory Protection

Caller ID information is electronically stored in memory until erased.

### Caller ID with Type II Call-Waiting Compatibility\*

Display shows name and number of person calling while you are on the phone with another caller.

### Dial-Back Function

Quickly dials the number displayed with the touch of one button. You can select any number in memory to dial back.

### Forward/Reverse Call Review with Delete Function

Allows you to scroll through the list of incoming calls and delete those not wanted.

### New Call Indicator on LCD

### New Calls Summary

Displays the number of new calls taken since last review.

## Styling

### Extremely Compact Size

To fit in any room.

### Innovative Design

- Complements most home decor.
- Easy to use and operate.

### Soft-Touch Controls
