

MULTICLIP

MULTICLIP 50 4SE
RENTAL

Stiga Multiclip 50 4SE Rental

A lawnmower with electric start and the effective Multiclip system.

The Multiclip system cuts and fertilises the lawn. It also makes the lawnmower quieter. You don't need to rake or empty a collector. You cut the grass about 30 % faster compared to collecting.

This comfortable lawnmower is very well equipped with a sturdy galvanised deck, double ball bearing wheels, adjustable handle for cutting close to walls, central height adjustment and a friction blade holder that protects the engine if you hit solid objects. The unique Anti Vibration System gives very low vibrations in the handle.

The 4-Speed function gives you four different speed alternatives.

Cutting width is 48 cm.
