

Compaq Presario SR1610NX Desktop PC

- Great Value for Your Money
- 24/7 toll-free support
- 1 year limited warranty¹
- Enhanced Protection from viruses, spam and spyware out of the box

Value That is Built to Last

With Compaq Presario PCs, you are not only getting great value for your money, you are buying a PC that is built to last. Compaq delivers the quality and reliability you expect from a global technology leader. We test our PCs rigorously and improve them continually to deliver high quality products at an affordable price.

Award Winning Support

Every Compaq Presario PC is backed by award-winning Support Services, an organization dedicated to helping you. Whether you prefer self-help tutorials, e-mail assistance or advice over the phone, Support Services can accommodate you and is prepared to help.

Presario PCs include 24/7 toll-free phone assistance by calling 1-800-OKCOMPAQ (1-800-652-6672). Agents are available in English and Spanish in the United States or in English and French in Canada.

Help is available right on the Presario desktop, and customers can just point-and-click on the Help and Support Center desktop icon. In seconds, you get fast, 24/7 advice, trouble-shooting tools, software and news. If you prefer e-mail help, you can send an e-mail and receive an answer within 24 hours.

Unlike many competitors' PCs, all Compaq Presario PCs have a 1 year limited hardware warranty and 90 day technical support.

PC Security

Every Presario PC has protection from viruses, spam and spyware out of the box with preinstalled Norton Internet Security 2005 AntiSpyWare Edition. Your PC also includes 60 days of live updates, and after 60 days, you can update your subscription to help protect your PC from the latest viruses².

Each Compaq Presario is built with integrated diagnostic tools which give you access to a new security check via the preinstalled Help & Support Center. The security check initiates more than 30 diagnostics to check the overall health of the system. If a security threat is detected, easy, step-by-step instructions are provided for removing it at no charge as long as the customer owns the PC.

The PC Security Center Web site provides access to dedicated real-time chat and e-mail response teams specializing in security and support for Presario customers². When new virus outbreaks happen, Presario customers can sign up for a virus solution class with live Q&A session at www.hp.com and click on "PC Security"³.

Everything You Need

All Compaq Presario desktop PCs feature a built-in, front access 9-in-1 memory card reader⁴, FireWire (1394) and USB 2.0 so you can transfer your video, digital photos and music directly to your PC. In addition, your Presario PC has a full suite of software including Microsoft Works, Microsoft Money⁵, Apple iTunes, a DVD player and Norton Internet Security 2005 AntiSpyWare Edition.
