Features

Digital Clarity Power™ technology enhances audio performance and quality to equal that of high end digital hearing aids. It is the most effective and intelligent amplification available!

- Minimizes background noise and amplifies the human voice only
- Eliminates feedback and distortion, allowing for full amplification all the time if needed
- Amplifies soft and loud sounds differently to enable comfortable and clear conversations at any volume

ClarityLogic® is the latest technology from Clarity that allows for simplified customer support that provides accurate and immediate results.

- Clarity representatives can remotely evaluate a phone to provide feedback or adjust settings.
- Call 1.877.LOGIC24 (1.877.564.4224) to find out how Clarity is here to make life easier.
