# The perfect fireplace when space is at a premium!

Every homeowner wants a quality fireplace in their home. But in today's building market, space constraints sometimes eliminate the fireplace from floor plans. With the Aveo, your builders and remodelers can profit from a fireplace every time regardless of space considerations.

- 11-1/2" firebox depth. Frames to a foot!
- The Aveo is perfect for zero lot line situations
- Great for remodeling situations where space is limited
- 18,000 Btu/Hour Input for comfortable heat output
- Direct-vent system uses only outside air for combustion and vents outside for better air quality and a healthy home
- Optional fronts, fan and refractory available
- Comes standard in top and rear direct vent models and choice of natural or LP gas
- Available with energy-saving IntelliFire™ or standing pilot ignition systems
- Tested and listed to ANSI Z21.88 standard
